Note 1 — Nature of Operations

Willis Towers Watson plc is a leading global advisory, broking and solutions company that helps clients around the world turn risk into a path for growth. The Company has more than 46,000 employees and services clients in more than 140 countries.

We design and deliver solutions that manage risk, optimize benefits, cultivate talent, and expand the power of capital to protect and strengthen institutions and individuals.

Our risk management services include strategic risk consulting (including providing actuarial analysis), a variety of due diligence services, the provision of practical on-site risk control services (such as health and safety and property loss control consulting), and analytical and advisory services (such as hazard modeling and reinsurance optimization studies). We also assist our clients with planning for addressing incidents or crises when they occur. These services include contingency planning, security audits and product tampering plans.

We help our clients enhance business performance by delivering consulting services, technology and solutions that optimize benefits and cultivate talent. Our services and solutions encompass such areas as employee benefits, total rewards, talent and benefits outsourcing. In addition, we provide investment advice to help our clients develop disciplined and efficient strategies to meet their investment goals and expand the power of capital.

As an insurance broker, we act as an intermediary between our clients and insurance carriers by advising on their risk management requirements, helping them to determine the best means of managing risk and negotiating and placing insurance with insurance carriers through our global distribution network.

We operate a private Medicare marketplace in the U.S. through which, along with our active employee marketplace, we help our clients move to a more sustainable economic model by capping and controlling the costs associated with healthcare benefits. We also provide direct-to-consumer sales of Medicare coverage.

We are not an insurance company, and therefore we do not underwrite insurable risks for our own account. We believe our broad perspective allows us to see the critical intersections between talent, assets and ideas - the dynamic formula that drives business performance.

Termination of Proposed Combination with Aon plc

On March 9, 2020, WTW and Aon plc ('Aon') issued an announcement disclosing that the respective boards of directors of WTW and Aon had reached agreement on the terms of a recommended acquisition of WTW by Aon. Under the terms of the agreement each WTW shareholder would receive 1.08 Aon ordinary shares for each WTW ordinary share. At the time of the announcement, it was estimated that upon completion of the combination, existing Aon shareholders would own approximately 63% and existing WTW shareholders would own approximately 37% of the combined company on a fully diluted basis.

The transaction was approved by the shareholders of both WTW and Aon during meetings of the respective shareholders held on August 26, 2020. On June 16, 2021, the U.S. Department of Justice filed suit in U.S. District Court in the District of Columbia against WTW and Aon, seeking to enjoin the proposed business combination between the two companies (among other relief). On July 26, 2021, WTW and Aon announced they had terminated the business combination agreement and that Aon had agreed to pay WTW, in connection with such termination, a \$1 billion termination fee (the 'Termination'). Pursuant to the terms of the termination agreement, among other things, the business combination agreement between WTW and Aon was terminated by mutual consent, subject to payment in cash by Aon of the \$1 billion, which was received by WTW on July 27, 2021 (the 'Termination Agreement'). Under the Termination Agreement, WTW and Aon on behalf of themselves and certain other related and affiliated parties, each agreed to release the other from all claims and actions arising out of or related to the business combination agreement and the transactions contemplated thereby, subject to certain exceptions. See Note 13 – Commitments and Contingencies for a summary of the pending lawsuits in the U.S. arising in connection with the business combination.

Note 2 — Basis of Presentation and Recent Accounting Pronouncements

Basis of Presentation

The accompanying unaudited quarterly condensed consolidated financial statements of Willis Towers Watson and our subsidiaries are presented in accordance with the rules and regulations of the SEC for quarterly reports on Form 10-Q and therefore do not include all of the information and footnotes required by U.S. GAAP. In the opinion of management, these condensed consolidated financial statements reflect all adjustments, consisting of normal recurring adjustments, which are necessary for a fair presentation of the condensed consolidated financial statements and results for the interim periods. All intercompany accounts and transactions have been

eliminated in consolidation. The condensed consolidated financial statements should be read together with the Company's Annual Report on Form 10-K, filed with the SEC on February 23, 2021, and may be accessed via EDGAR on the SEC's web site at www.sec.gov.

The results of operations for the three and six months ended June 30, 2021 are not necessarily indicative of the results that can be expected for the entire year. The Company experiences seasonal fluctuations of its revenue. Revenue is typically higher during the Company's first and fourth quarters due primarily to the timing of broking-related activities. The results reflect certain estimates and assumptions made by management, including those estimates used in calculating acquisition consideration and fair value of tangible and intangible assets and liabilities, professional liability claims, estimated bonuses, valuation of billed and unbilled receivables, and anticipated tax liabilities that affect the amounts reported in the condensed consolidated financial statements and related notes.

Risks and Uncertainties Related to the COVID-19 Pandemic

The COVID-19 pandemic has had an adverse impact on global commercial activity, including the global supply chain, and has contributed to significant volatility in the global financial markets including, among other effects, occasional declines in the equity markets, changes in interest rates and reduced liquidity on a global basis. With regard to the effects on our own business operations and those of our clients, suppliers and other third parties with whom we interact, the Company has regularly considered the impact of COVID-19 on our business, taking into account our business resilience and continuity plans, financial modeling and stress testing of liquidity and financial resources.

Generally, the COVID-19 pandemic did not have a material adverse impact on our overall financial results during 2020 or on our results for the first half of 2021; however, during 2020 and through the first quarter of 2021, the COVID-19 pandemic had a negative impact on our revenue growth, primarily in our businesses that are discretionary in nature. We saw an increased demand for these services, which improved revenue growth, in the second quarter of 2021. We believe this positive trend could continue for the remainder of the year but may vary based on further disruptions to the supply chain, workforce availability, vaccination rates and further social-distancing orders in jurisdictions where we do business.

We have considered this outlook as part of the significant estimates and assumptions that are inherent in our financial statements, including the collectability of billed and unbilled receivables, the estimation of revenue, and the fair value of our reporting units, tangible and intangible assets and contingent consideration. With regard to collectability of receivables, we believe we may continue to face atypical delays in client payments going forward. Although the primary revenue impact of the pandemic has been on certain discretionary lines of business, non-discretionary lines of business have also been, to some extent, adversely affected and may be adversely affected in the future. Further, reduced economic activity or disruption in insurance markets could reduce the demand for or the extent of insurance coverage. For example, in 2020, we saw instances where the reduced demand for air travel reduced the extent of insurance coverage needed. Also, the increased frequency and severity of coverage disputes between our clients and (re)insurers arising out of the pandemic could increase our professional liability risk. We will continue to monitor the situation and assess any implications to our business and our stakeholders.

The extent to which COVID-19 impacts our business and financial position will depend on future developments, which are difficult to predict. These future developments may include the severity and scope of the COVID-19 outbreak, which may unexpectedly change or worsen, and the types and duration of measures imposed by governmental authorities to contain the virus or address its impact. We continue to expect that the COVID-19 pandemic will negatively impact our revenue and operating results in fiscal 2021. We believe that these trends and uncertainties are similar to those faced by other comparable registrants as a result of the pandemic.

Recent Accounting Pronouncements

Not Yet Adopted

There are no pending accounting pronouncements that are expected to have a significant impact on our condensed consolidated financial statements.

Adopted

In December 2019, the FASB issued ASU No. 2019-12, *Simplifying the Accounting for Income Taxes*, which clarifies and amends existing guidance, including removing certain exceptions to the general principles of accounting for income taxes. Some of the changes must be applied on a retrospective or modified retrospective basis while others must be applied on a prospective basis. The Company adopted this guidance as it became effective on January 1, 2021 without any impact to our condensed consolidated financial statements.

Note 3 — Divestitures

Termination of Potential Divestiture Related to the Aon Combination

As part of the potential combination with Aon and the required regulatory clearances in connection therewith, on May 12, 2021, the Company entered into a definitive agreement to sell its wholly-owned subsidiary Willis Re and certain of the Company's corporate

risk and broking and health and benefit businesses to Arthur J. Gallagher & Co. ('Gallagher'), a leading global provider of insurance, risk management and consulting services, for total consideration of \$3.57 billion. In connection with the Termination, the definitive agreement with Gallagher automatically terminated in accordance with its terms.

Miller Divestiture

On March 1, 2021, the Company completed the transaction to sell its U.K.-based, majority-owned wholesale subsidiary Miller for final total consideration of GBP 623 million (\$818 million), which includes amounts paid to the minority shareholder. The \$356 million net tax-exempt gain on the sale was included in Other income, net in the condensed consolidated statement of comprehensive income for the six months ended June 30, 2021. Prior to disposal, Miller was included within the Investment, Risk and Reinsurance segment.

Max Matthiessen Divestiture

In September 2020, the Company completed the transaction to sell its Swedish majority-owned subsidiary MM Holding AB ('Max Matthiessen') for total consideration of SEK 2.3 billion (\$262 million) plus certain other adjustments, resulting in a tax-exempt gain on the sale of \$86 million, which was included in Other income, net in the consolidated statement of comprehensive income during the year ended December 31, 2020. Of the total consideration, the Company financed a SEK 600 million (\$68 million) note repayable by the purchaser. The note has no fixed term but is repayable subject to certain terms and conditions and bears an interest rate that could range from 5% to 10%, increasing the longer the note remains outstanding. This note receivable is included in Other non-current assets in the condensed consolidated balance sheet. Prior to disposal, Max Matthiessen was included within the Investment, Risk and Reinsurance segment.

Note 4 — Revenue

Disaggregation of Revenue

The Company reports revenue by segment in Note 5 — Segment Information. The following tables present revenue by service offering and segment, as well as reconciliations to total revenue for the three and six months ended June 30, 2021 and 2020. Along with reimbursable expenses and other, total revenue by service offering represents our revenue from customer contracts.

(i) Reimbursable expenses and other, as well as Corporate revenue, are excluded from segment revenue, but included in total revenue on the condensed consolidated statements of comprehensive income. Amounts included in Corporate revenue may include eliminations, adjustments to reserves and impacts from hedged revenue transactions.

(ii) Interest and other income is included in segment revenue and total revenue. However, it has been presented separately in the above tables because it does not arise directly from contracts with customers. The significant increase in CRB's interest and other income resulted from book-of-business sales.

The following tables present revenue by the geography where our work is performed for the three and six months ended June 30, 2021 and 2020. Reconciliations to total revenue on our condensed consolidated statements of comprehensive income and to segment revenue are shown in the tables above.

Contract Balances

The Company reports accounts receivable, net on the condensed consolidated balance sheet, which includes billed and unbilled receivables and current contract assets. In addition to accounts receivable, net, the Company had the following non-current contract assets and deferred revenue balances at June 30, 2021 and December 31, 2020:

	June 30, 2021	December 31, 2020
Billed receivables, net of allowance for doubtful accounts of \$44 million and \$41 million	\$ 1,728	\$ 1,697
Unbilled receivables	501	445
Current contract assets	278	413

Non-current accounts receivable, net	\$ 19	\$ 34
Non-current contract assets	\$ 405	\$ 329
Deferred revenue	\$ 638	\$ 549

During the three and six months ended June 30, 2021, revenue of \$94 million and \$369 million, respectively, was recognized that was reflected as deferred revenue at December 31, 2020. During the three months ended June 30, 2021, revenue of \$261 million was recognized that was reflected as deferred revenue at March 31, 2021.

During the three and six months ended June 30, 2021, the Company recognized revenue of \$17 million and \$46 million, respectively, related to performance obligations satisfied prior to 2021.

Performance Obligations

The Company has contracts for which performance obligations have not been satisfied as of June 30, 2021 or have been partially satisfied as of this date. The following table shows the expected timing for the satisfaction of the remaining performance obligations. This table does not include contract renewals or variable consideration, which was excluded from the transaction prices in accordance with the guidance on constraining estimates of variable consideration.

In addition, in accordance with ASC 606, *Revenue From Contracts With Customers* ('ASC 606'), the Company has elected not to disclose the remaining performance obligations when one or both of the following circumstances apply:

- Performance obligations which are part of a contract that has an original expected duration of less than one year, and
- Performance obligations satisfied in accordance with ASC 606-10-55-18 ('right to invoice').

	Remainder of 2021	2022	2023 onward	Total
Revenue expected to be recognized on contracts as of June 30, 2021	\$ 323	\$ 493	\$ 649	\$ 1,465

Since most of the Company's contracts are cancellable with less than one year's notice and have no substantive penalty for cancellation, the majority of the Company's remaining performance obligations as of June 30, 2021 have been excluded from the table above.

Note 5 — Segment Information

Willis Towers Watson has four reportable operating segments or business areas:

- Human Capital and Benefits ('HCB')
- Corporate Risk and Broking ('CRB')
- Investment, Risk and Reinsurance ('IRR')
- Benefits Delivery and Administration ('BDA')

Willis Towers Watson's chief operating decision maker is its chief executive officer. We determined that the operational data used by the chief operating decision maker is at the segment level. Management bases strategic goals and decisions on these segments and the data presented below is used to assess the adequacy of strategic decisions and the methods of achieving these strategies and related financial results. Management evaluates the performance of its segments and allocates resources to them based on net operating income on a pre-tax basis.

The Company experiences seasonal fluctuations of its revenue. Revenue is typically higher during the Company's first and fourth quarters due primarily to the timing of broking-related activities.

The following table presents segment revenue and segment operating income for our reportable segments for the three months ended June 30, 2021 and 2020.

	Three Months Ended June 30,

(ii) Includes certain costs, primarily related to corporate functions which are not directly related to the segments, and certain differences between budgeted expenses determined at the beginning of the year and actual expenses that we report for U.S. GAAP purposes.

The Company does not currently provide asset information by reportable segment as it does not routinely evaluate the total asset position by segment.

Note 6 — Income Taxes

Provision for income taxes for the three and six months ended June 30, 2021 was \$96 million and \$192 million, respectively, compared to \$75 million and \$153 million for the three and six months ended June 30, 2020, respectively. The effective tax rates were 33.8% and 17.2% for the three and six months ended June 30, 2021, respectively, and 42.2% and 26.9% for the three and six months ended June 30, 2020, respectively. These effective tax rates are calculated using extended values from our condensed consolidated statements of comprehensive income and are therefore more precise tax rates than can be calculated from rounded values. The current quarter effective tax rate includes a \$40 million deferred tax expense related to the enacted U.K. statutory tax rate change, however the prior year effective tax rate for the three months ended June 30, 2020 was higher due to additional expense recognized in connection with the temporary provisions of the Coronavirus Aid, Relief, and Economic Security ('CARES') Act. The current first half effective tax rate was lower primarily due to the tax-exempt disposal of our Miller business, partially offset by the income tax effects of the U.K. tax rate change enacted in the second quarter of 2021.

The Company recognizes deferred tax balances related to the undistributed earnings of subsidiaries when it expects that it will recover those undistributed earnings in a taxable manner, such as through receipt of dividends or sale of the investments. Historically, we have not provided taxes on cumulative earnings of our subsidiaries that have been reinvested indefinitely. As a result of our plans to restructure or distribute accumulated earnings of certain foreign operations, we have recorded an estimate of foreign withholding and state income taxes. However, we assert that the historical cumulative earnings of our other subsidiaries are reinvested indefinitely, and therefore do not provide deferred tax liabilities on these amounts.

The Company records valuation allowances against net deferred tax assets based on whether it is more likely than not that the deferred tax assets will be realized. We have liabilities for uncertain tax positions under ASC 740 of \$47 million, excluding interest and

penalties. The Company believes the outcomes that are reasonably possible within the next 12 months may result in a reduction in the liability for uncertain tax positions of approximately \$3 million to \$8 million, excluding interest and penalties.

Note 8 — Derivative Financial Instruments

We are exposed to certain foreign currency risks. Where possible, we identify exposures in our business that can be offset internally. Where no natural offset is identified, we may choose to enter into various derivative transactions. These instruments have the effect of reducing our exposure to unfavorable changes in foreign currency rates. The Company's board of directors reviews and approves policies for managing this risk as summarized below. Additional information regarding our derivative financial instruments can be found in Note 10 — Fair Value Measurements and Note 16 — Accumulated Other Comprehensive Loss.

Foreign Currency Risk

Certain non-U.S. subsidiaries receive revenue and incur expenses in currencies other than their functional currency, and as a result, the foreign subsidiary's functional currency revenue and/or expenses will fluctuate as the currency rates change. Additionally, the forecast Pounds sterling expenses of our London brokerage market operations may exceed their Pounds sterling revenue, and the entity with such operations may also hold significant foreign currency asset or liability positions in the condensed consolidated balance sheet. To reduce such variability, we use foreign exchange contracts to hedge against this currency risk.

These derivatives were designated as hedging instruments and at June 30, 2021 and December 31, 2020 had total notional amounts of \$186 million and \$340 million, respectively, and had a net fair value asset of \$5 million at both periods presented. As part of and prior to our disposal of Miller (see Note 3 – Divestitures), and prior to their contract expiration, we closed derivatives designated as hedging instruments with notional values of \$27 million that were outstanding at December 31, 2020.

At June 30, 2021, the Company estimates, based on current exchange rates, there will be \$4 million of net derivative gains on forward exchange rates reclassified from accumulated other comprehensive loss into earnings within the next twelve months as the forecast transactions affect earnings. At June 30, 2021, our longest outstanding maturity was 1.5 years.

The effects of the material derivative instruments that are designated as hedging instruments on the condensed consolidated statements of comprehensive income for the three and six months ended June 30, 2021 and 2020 are below. Note 10 — Fair Value Measurements

The Company has categorized its assets and liabilities that are measured at fair value on a recurring and non-recurring basis into a three-level fair value hierarchy, based on the reliability of the inputs used to determine fair value as follows:

- Level 1: refers to fair values determined based on quoted market prices in active markets for identical assets;
- Level 2: refers to fair values estimated using observable market-based inputs or unobservable inputs that are corroborated by market data; and
- Level 3: includes fair values estimated using unobservable inputs that are not corroborated by market data.

The following methods and assumptions were used by the Company in estimating its fair value disclosure for financial instruments:

- Available-for-sale securities are classified as Level 1 because we use quoted market prices in determining the fair value of these securities.
- Market values for our derivative instruments have been used to determine the fair value of forward foreign exchange contracts based on estimated amounts the Company would receive or have to pay to terminate the agreements, taking into account observable information about the current foreign currency forward rates. Such financial instruments are classified as Level 2 in the fair value hierarchy.
- Contingent consideration payable is classified as Level 3, and we estimate fair value based on the likelihood and timing of achieving the relevant milestones of each arrangement, applying a probability assessment to each of the potential outcomes, which at times includes the use of a Monte Carlo simulation, and discounting the probability-weighted payout. Typically, milestones are based on revenue or earnings growth for the acquired business.

The following tables present our assets and liabilities measured at fair value on a recurring basis at June 30, 2021 and December 31, 2020:

		Balance Sheet Location	Fair Value Measurements on a Recurring Basis at June 30, 2021			
			Level 1	Level 2	Level 3	Total

(i) See Note 8 — Derivative Financial Instruments for further information on our derivative investments.

(ii) Probability weightings are based on our knowledge of the past and planned performance of the acquired entity to which the contingent consideration applies. The fair value weighted-average discount rates used in our material contingent consideration calculations were 10.86% and 9.46% at June 30, 2021 and December 31, 2020, respectively. The range of these discount rates was 3.53% - 13.00% at June 30, 2021. Using different probability weightings and discount rates could result in an increase or decrease of the contingent consideration payable.

The following table summarizes the change in fair value of the Level 3 liabilities:

The following tables present our liabilities not measured at fair value on a recurring basis at June 30, 2021 and December 31, 2020:

Long-term debt	\$ 3,995	\$ 4,597	\$ 4,664	\$ 5,488

The carrying values of our revolving credit facility and collateralized facility approximate their fair values. The fair values above, which exclude accrued interest, are not necessarily indicative of the amounts that the Company would realize upon disposition, nor do they indicate the Company's intent or ability to dispose of the financial instruments. The fair values of our respective senior notes and long-term note receivable are considered Level 2 financial instruments as they are corroborated by observable market data.

Note 11 — Retirement Benefits

Defined Benefit Plans and Post-retirement Welfare Plans

Willis Towers Watson sponsors both qualified and non-qualified defined benefit pension plans and other post-retirement welfare ('PRW') plans throughout the world. The majority of our plan assets and obligations are in the U.S. and the U.K. We have also included disclosures related to defined benefit plans in certain other countries, including Canada, France, Germany and Ireland. Together, these disclosed funded and unfunded plans represent 99% of Willis Towers Watson's pension and PRW obligations and are disclosed herein.

Note 13 — Commitments and Contingencies

Indemnification Agreements

Willis Towers Watson has various agreements which provide that it may be obligated to indemnify the other party to the agreement with respect to certain matters. Generally, these indemnification provisions are included in contracts arising in the normal course of business and in connection with the purchase and sale of certain businesses. It is not possible to predict the maximum potential amount of future payments that may become due under these indemnification agreements because of the conditional nature of the Company's obligations and the unique facts of each particular agreement. However, we do not believe that any potential liability that may arise from such indemnity provisions is probable or material.

Legal Proceedings

In the ordinary course of business, the Company is subject to various actual and potential claims, lawsuits and other proceedings. Some of the claims, lawsuits and other proceedings seek damages in amounts which could, if assessed, be significant. We expect the impact of claims or demands not described below to be immaterial to the Company's condensed consolidated financial statements. The Company also receives subpoenas in the ordinary course of business and, from time to time, receives requests for information in connection with governmental investigations.

Errors and omissions claims, lawsuits, and other proceedings arising in the ordinary course of business are covered in part by professional indemnity or other appropriate insurance. The terms of this insurance vary by policy year. Regarding self-insured risks, the Company has established provisions which are believed to be adequate in light of current information and legal advice, or, in certain cases, where a range of loss exists, the Company accrues the minimum amount in the range if no amount within the range is a better estimate than any other amount. The Company adjusts such provisions from time to time according to developments. See Note 14 — Supplementary Information for Certain Balance Sheet Accounts for the amounts accrued at June 30, 2021 and December 31, 2020 in the condensed consolidated balance sheets.

On the basis of current information, the Company does not expect that the actual claims, lawsuits and other proceedings to which it is subject, or potential claims, lawsuits, and other proceedings relating to matters of which it is aware, will ultimately have a material adverse effect on its financial condition, results of operations or liquidity. Nonetheless, given the large or indeterminate amounts sought in certain of these actions, and the inherent unpredictability of litigation and disputes with insurance companies, it is possible that an adverse outcome or settlement in certain matters could, from time to time, have a material adverse effect on the Company's results of operations or cash flows in particular quarterly or annual periods. In addition, given the early stages of some litigation or regulatory proceedings described below, it may not be possible to predict their outcomes or resolutions, and it is possible that any one or more of these events may have a material adverse effect on the Company.

The Company provides for contingent liabilities based on ASC 450, *Contingencies*, when it is determined that a liability, inclusive of defense costs, is probable and reasonably estimable. The contingent liabilities recorded are primarily developed actuarially. Litigation is subject to many factors which are difficult to predict so there can be no assurance that in the event of a material unfavorable result in one or more claims, we will not incur material costs.

On June 16, 2021, the U.S. Department of Justice filed suit in U.S. District Court in the District of Columbia against Willis Towers Watson plc and Aon plc, seeking to enjoin the proposed business combination between the two companies (among other relief). The lawsuit claimed that the proposed combination would violate section 7 of the Clayton Act, 15 USC § 18. Specifically, the lawsuit claimed that the combination would substantially lessen competition in five relevant product markets in the U.S.: (1) property, casualty, and financial risk broking for large customers; (2) health benefits broking for large customers; (3) actuarial services for large single-employer defined benefit pension plans; (4) the operation of private multicarrier retiree exchanges; and (5) reinsurance broking. We disagreed with the Justice Department’s action and believed it reflected a lack of understanding of our business, the clients we serve, and the marketplace in which we operate. Following the Termination on July 26, 2021, the Justice Department filed a notice of dismissal and the court dismissed the case.

Willis Towers Watson Merger-Related Securities Litigation

The Company was named as a defendant in two consolidated actions arising out of the 2016 ‘merger of equals’ between Towers Watson and Willis (the ‘Merger’), consisting of a consolidated shareholder class action pending in the United States District Court for the Eastern District of Virginia, captioned ‘In re Willis Towers Watson plc Proxy Litigation,’ Master File No. 1:17-cv-1338-AJT-JFA (the ‘Federal Action’), and a consolidated putative shareholder class action pending in the Delaware Court of Chancery, captioned ‘In re Towers Watson & Co. Stockholders Litigation,’ C.A. No. 2018-0132-KSJM (the ‘Delaware Action’). The complaints in these actions generally allege that the defendants omitted material information from the proxy disclosures relating to the Merger, including with respect to potential conflicts of interest, and, as a result, that Towers Watson’s stockholders approved the Merger based on inadequate information. Based on these allegations, among others, the complaint in the Federal Action asserts claims under Sections 14(a) and 20(a) of the Securities Exchange Act of 1934, and the complaint in the Delaware Action asserts claims under Delaware state law for breach of fiduciary duty and aiding and abetting breach of fiduciary duty.

On or about November 19, 2020, the parties to the Federal Action and the Delaware Action reached an agreement in principle to resolve the Federal Action and the Delaware Action for \$75 million and \$15 million, respectively. The Company agreed to the settlement and the payment of the settlement amounts to eliminate the distraction, burden, expense and uncertainty of further litigation. Further, in reaching the settlement, the parties understood and agreed that there is no admission of liability or wrongdoing by the Company or any of the other defendants in either the Federal Action or the Delaware Action. The Company and the other defendants expressly deny any liability or wrongdoing with respect to the matters alleged in the Federal Action and the Delaware Action.

On January 15, 2021, the parties to the Federal Action and the Delaware Action signed formal stipulations of settlement, which memorialized the terms of the agreement in principle, and which the plaintiffs in the Federal Action and the Delaware Action then filed with each of the respective courts. Also on January 15, 2021, the plaintiff in the Federal Action filed a motion to preliminarily approve the settlement. On January 21, 2021 the court in the Federal Action preliminarily approved the settlement, approved the form of notice to be disseminated to class members, and scheduled a final fairness hearing on the settlement for May 21, 2021. On May 21, 2021, following the final fairness hearing, the court in the Federal Action finally approved the settlement. On January 25, 2021 the court in the Delaware Action approved the form of notice to be disseminated to class members and scheduled a final fairness hearing on the settlement for May 25, 2021. On May 25, 2021, following the final fairness hearing, the court in the Delaware Action finally approved the settlement. The Company made the \$90 million aggregate settlement payment in escrow in February 2021.

During 2020 the Company recognized \$65 million of expense, net of \$25 million of insurance and other recoveries. Additional insurance recoveries are possible.

Note 17 — Earnings Per Share

Basic and diluted earnings per share are calculated by dividing net income attributable to Willis Towers Watson by the average number of ordinary shares outstanding during each period. The computation of diluted earnings per share reflects the potential dilution that could occur if dilutive securities and other contracts to issue shares were exercised or converted into shares or resulted in the issuance of shares that then shared in the net income of the Company.

At June 30, 2021 and 2020, there were 0.6 million and 0.5 million restricted performance-based stock units outstanding, respectively, and 0.1 million and 0.2 million time-based share options outstanding, respectively. Additionally, at June 30, 2021 and 2020, there were 0.3 million performance-based options outstanding, and the Company's restricted time-based stock units were immaterial.

Basic and diluted earnings per share are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
Net income attributable to Willis Towers Watson	\$ 184	\$ 94	\$ 917	\$ 399
Basic average number of shares outstanding	130	129	130	130
Dilutive effect of potentially issuable shares	—	1	—	—
Diluted average number of shares outstanding	130	130	130	130
Basic earnings per share	\$ 1.42	\$ 0.73	\$ 7.06	\$ 3.08

Diluted earnings per share	\$ 1.41	\$ 0.72	\$ 7.04	\$ 3.07

For the three and six months ended June 30, 2021, 0.2 million restricted stock units were not included in the computation of the dilutive effect of potentially issuable shares because their effect was anti-dilutive; there were no anti-dilutive restricted stock units for the three and six months ended June 30, 2020. There were no anti-dilutive options for the three and six months ended June 30, 2021 and 2020.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion includes forward-looking statements. See ‘Disclaimer Regarding Forward-looking Statements’ for certain cautionary information regarding forward-looking statements and a list of factors that could cause actual results to differ materially from those predicted in those statements.

This discussion includes references to non-GAAP financial measures as defined in the rules of the SEC. We present such non-GAAP financial measures, specifically, adjusted, constant currency and organic non-GAAP financial measures, as we believe such information is of interest to the investment community because it provides additional meaningful methods of evaluating certain aspects of the Company’s operating performance from period to period on a basis that may not be otherwise apparent under U.S. GAAP, and these provide a measure against which our businesses may be assessed in the future.

See ‘Non-GAAP Financial Measures’ below for further discussion of our adjusted, constant currency and organic non-GAAP financial measures.

Executive Overview

Termination of Proposed Combination with Aon plc

On March 9, 2020, WTW and Aon plc (‘Aon’) issued an announcement disclosing that the respective boards of directors of WTW and Aon had reached agreement on the terms of a recommended acquisition of WTW by Aon. Under the terms of the agreement each WTW shareholder would receive 1.08 Aon ordinary shares for each WTW ordinary share. At the time of the announcement, it was estimated that upon completion of the combination, existing Aon shareholders would own approximately 63% and existing WTW shareholders would own approximately 37% of the combined company on a fully diluted basis.

The transaction was approved by the shareholders of both WTW and Aon during meetings of the respective shareholders held on August 26, 2020. On June 16, 2021, the U.S. Department of Justice filed suit in U.S. District Court in the District of Columbia against WTW and Aon, seeking to enjoin the proposed business combination between the two companies (among other relief). On July 26, 2021, WTW and Aon announced they had terminated the business combination agreement and that Aon had agreed to pay WTW, in connection with such termination, a \$1 billion termination fee which was received by WTW on July 27, 2021. See Note 1 – Nature of Operations and Note 13 – Commitments and Contingencies in Part I, Item 1 ‘Financial Statements’ in this Form 10-Q for additional information.

Market Conditions

Typically, our business benefits from regulatory change, political risk or economic uncertainty. Insurance broking generally tracks the economy, but demand for both insurance broking and consulting services usually remains steady during times of uncertainty. We have some businesses, such as our health and benefits and administration businesses, which can be counter cyclical during the early period of a significant economic change.

Within our insurance and brokerage business, due to the cyclical nature of the insurance market and the impact of other market conditions on insurance premiums, commission revenue may vary widely between accounting periods. A period of low or declining premium rates, generally known as a ‘soft’ or ‘softening’ market, generally leads to downward pressure on commission revenue and can have a material adverse impact on our revenue and operating margin. A ‘hard’ or ‘firming’ market, during which premium rates rise, generally has a favorable impact on our revenue and operating margin. Rates, however, vary by geography, industry and client segment. As a result, and due to the global and diverse nature of our business, we view rates in the aggregate. Overall, we are currently seeing a modest but definite improvement with pricing in the market.

Market conditions in the broking industry in which we operate are generally defined by factors such as the strength of the economies in the various geographic regions in which we serve around the world, insurance rate movements, and insurance and reinsurance buying patterns of our clients.

The markets for our consulting, technology and solutions, and marketplace services are affected by economic, regulatory and legislative changes, technological developments, and increased competition from established and new competitors. We believe that the primary factors in selecting a human resources or risk management consulting firm include reputation, the ability to provide measurable increases to shareholder value and return on investment, global scale, quality of service and the ability to tailor services to clients’ unique needs. In that regard, we are focused on developing and implementing technology, data and analytic solutions for both internal operations and for maintaining industry standards and meeting client preferences. We have made such investments from time to time and may decide, based on perceived business needs, to make investments in the future that may be greater than we currently anticipate. Conversely, particularly given the impact of the COVID-19 pandemic, we may make fewer information technology-based investments than previously anticipated, which could potentially create business operational risk.

With regard to the market for exchanges, we believe that clients base their decisions on a variety of factors that include the ability of the provider to deliver measurable cost savings for clients, a strong reputation for efficient execution and an innovative service

delivery model and platform. Part of the employer-sponsored insurance market has matured and become more fragmented while other segments remain in the entry phase. As these market segments continue to evolve, we may experience growth in intervals, with periods of accelerated expansion balanced by periods of modest growth. In recent years, growth in the market for exchanges has slowed, and we expect this trend may continue.

From time to time, including but not limited to the period that followed the announcement of the proposed Aon combination, we have lost (and may in the future continue to lose) colleagues who manage substantial client relationships or possess substantial experience or expertise; when we lose colleagues such as those, it often results in such colleagues competing against us. Further, the full impact of this competition may be delayed due to the timing of restrictive covenants or client renewals. This dynamic could materially and adversely affect our results of operations, with the adverse impact in future periods being more significant than in the current period.

See Part I, Item 1A 'Risk Factors' in our Annual Report on Form 10-K, filed with the SEC on February 23, 2021, for a discussion of risks that may affect our ability to compete.

Brexit

Following the occurrence of Brexit and the end of the formal transition period on December 31, 2020, a trade agreement has been established between the U.K. and E.U. As expected, the agreement largely addresses goods and not services, and the Company has therefore completed the establishment of appropriate arrangements for the continued servicing of client business in all relevant E.U. countries. Further negotiations between the U.K. and E.U. resulted in the agreement of a Memorandum of Understanding to address matters related to financial services, though the outcome of future engagement between the U.K. and E.U. in relation to services, including financial services and potential impact on the Company, are not yet fully known. For a further discussion of the risks of Brexit to the Company, see Part I, Item 1A 'Risk Factors' in our Annual Report on Form 10-K, filed with the SEC on February 23, 2021.

On an annual basis for 2021, although we expect that approximately 21% of our revenue will be generated in the U.K., we expect that approximately 11% of revenue will be denominated in Pounds sterling, as much of the insurance business is transacted in U.S. dollars. We expect that approximately 19% of our expenses will be denominated in Pounds sterling. We have a Company hedging strategy for this aspect of our business, which is designed to mitigate significant fluctuations in currency.

Risks and Uncertainties of the COVID-19 Pandemic

The COVID-19 pandemic has had an adverse impact on global commercial activity, including the global supply chain, and has contributed to significant volatility in the global financial markets including, among other effects, occasional declines in the equity markets, changes in interest rates and reduced liquidity on a global basis. With regard to the effects on our own business operations and those of our clients, suppliers and other third parties with whom we interact, the Company has regularly considered the impact of COVID-19 on our business, taking into account our business resilience and continuity plans, financial modeling and stress testing of liquidity and financial resources.

Generally, the COVID-19 pandemic did not have a material adverse impact on our overall financial results during 2020 or on our results for the first half of 2021; however, during 2020 and through the first quarter of 2021, the COVID-19 pandemic had a negative impact on our revenue growth, primarily in our businesses that are discretionary in nature. We saw an increased demand for these services, which improved revenue growth, in the second quarter of 2021. We believe this positive trend could continue for the remainder of the year but may vary based on further disruptions to the supply chain, workforce availability, vaccination rates and further social-distancing orders in jurisdictions where we do business.

We have considered this outlook as part of the significant estimates and assumptions that are inherent in our financial statements, including the collectability of billed and unbilled receivables, the estimation of revenue, and the fair value of our reporting units, tangible and intangible assets and contingent consideration. With regard to collectability of receivables, we believe we may continue to face atypical delays in client payments going forward. Although the primary revenue impact of the pandemic has been on certain discretionary lines of business, non-discretionary lines of business have also been, to some extent, adversely affected and may be adversely affected in the future. Further, reduced economic activity or disruption in insurance markets could reduce the demand for or the extent of insurance coverage. For example, in 2020, we saw instances where the reduced demand for air travel reduced the extent of insurance coverage needed. Also, the increased frequency and severity of coverage disputes between our clients and (re)insurers arising out of the pandemic could increase our professional liability risk. We will continue to monitor the situation and assess any implications to our business and our stakeholders.

The extent to which COVID-19 impacts our business and financial position will depend on future developments, which are difficult to predict. These future developments may include the severity and scope of the COVID-19 outbreak, which may unexpectedly change or worsen, and the types and duration of measures imposed by governmental authorities to contain the virus or address its impact. We continue to expect that the COVID-19 pandemic will negatively impact our revenue and operating results in fiscal 2021. We believe that these trends and uncertainties are similar to those faced by other comparable registrants as a result of the pandemic. See Part I, Item 1A 'Risk Factors' in our Annual Report on Form 10-K, filed with the SEC on February 23, 2021 for a discussion of actual and potential impacts of COVID-19 on our business, clients and operations.

Daily Operations - We continue to closely monitor the spread and impact of COVID-19, including the availability of vaccines, while adhering to government health directives. The Company continues to have its own restrictions on business travel, office access, and meetings and events, but is actively developing its return-to-work plans with a focus on safe utilization based on appropriate social-distancing guidelines. We have thorough business continuity and incident management processes in place that have been activated, including split team operations and work-from-home protocols for essential workers which continue to be globally effective. We are communicating frequently with clients and critical vendors, while meeting our objectives via remote working capabilities, overseen and coordinated by our incident management response team. While no contingency plan can eliminate all risk of temporary service interruption, we regularly assess and update our plans to help mitigate reasonable risks to the extent possible.

Consolidated Revenue

Revenue was \$2.3 billion for the three months ended June 30, 2021, compared to \$2.1 billion for the three months ended June 30, 2020, an increase of \$173 million, or 8%, on an as-reported basis. Adjusting for the impacts of foreign currency and acquisitions and disposals, our organic revenue growth was 8% for the three months ended June 30, 2021. Revenue for the six months ended June 30, 2021 was \$4.9 billion, compared to \$4.6 billion for the six months ended June 30, 2020, an increase of \$297 million, or 6%, on an as-reported basis. Adjusting for the impacts of foreign currency and acquisitions and disposals, our organic revenue growth was 6% for the six months ended June 30, 2021. The increases to our as-reported revenue for both the current and prior-year periods were driven by strong performances in all segments.

Our revenue can be materially impacted by changes in currency conversions, which can fluctuate significantly over the course of a calendar year. For the three months ended June 30, 2021, currency translation increased our consolidated revenue by \$87 million. For the six months ended June 30, 2021, currency translation increased our consolidated revenue by \$173 million. The primary currencies driving these changes were the Euro and Pound sterling.

The following table details our top five markets based on the percentage of consolidated revenue (in U.S. dollars) from the countries where work was performed for the six months ended June 30, 2021. These figures do not represent the currency of the related revenue, which is presented in the next table.

Geographic Region	% of Revenue
United States	46%
United Kingdom	23%
France	5%
Canada	3%
Germany	3%

The table below details the percentage of our revenue and expenses by transactional currency for the six months ended June 30, 2021.

U.S. dollars	55%	51%
Pounds sterling	12%	20%
Euro	18%	13%
Other currencies	15%	16%

(i) These percentages exclude certain expenses for significant items which will not be settled in cash, or which we believe to be items that are not core to our current or future operations. These items include amortization of intangible assets and transaction and integration expenses.

The following tables set forth the total revenue for the three and six months ended June 30, 2021 and 2020 and the components of the changes in total revenue for the three and six months ended June 30, 2021, as compared to the prior-year period:

Segment Revenue

The segment descriptions below should be read in conjunction with the full descriptions of our businesses contained in Part I, Item 1 'Business' within our Annual Report on Form 10-K, filed with the SEC on February 23, 2021.

Segment revenue excludes amounts that were directly incurred on behalf of our clients and reimbursed by them (reimbursed expenses); however, these amounts are included in consolidated revenue.

The Company experiences seasonal fluctuations in its revenue. Revenue is typically higher during the Company's first and fourth quarters due primarily to the timing of broking-related activities.

Impact of the COVID-19 Pandemic on our Segments

The COVID-19 pandemic has had, and is projected to continue to have, an impact on certain of our service offerings. These impacts, which primarily affect our revenue, have been negative in some instances and positive in others and may in the future be material in either event. In addition, the potential negative impacts on our results may lag behind the developments to date related to the COVID-19 pandemic. We have thus far seen the impact of COVID-19 primarily on our business offerings that are discretionary in nature, such as consultative project work, which spans our segments, but primarily affected our HCB segment. However, most of the services we provide, including broking for various insurance products, compliance and valuation services, risk mitigation and outsourced administration for both pension and health and welfare plans, are considered non-discretionary to our clients and recurring in nature. We have seen that these non-discretionary businesses are the least impacted of our offerings, and while we expect that trend to continue, our non-discretionary businesses may be adversely affected due to changing demands in the market.

We expect to continue to experience unpredictable volatility in demand around our discretionary services and solutions. Clients may defer or delay decision-making or planned work or seek to terminate existing agreements for these discretionary services and solutions.

We recognize that the broad, global nature of the COVID-19 crisis has impacted the liquidity of our clients generally. We continue to monitor the global outbreak of the COVID-19 pandemic and take steps to mitigate the risks to us posed by its spread by working with our clients, colleagues, suppliers and other stakeholders. Due to the global breadth of the COVID-19 spread and the range of governmental and community reactions thereto, there is on-going uncertainty around its duration, severity, ultimate impact and the

timing of recovery. We will continue to monitor global developments in the rollout of vaccines and government rules and restrictions. We believe the pandemic will continue to cause an extended disruption of economic activity for the remainder of 2021, and the impact on our consolidated results of operations, financial position and cash flows could be material. Meanwhile, although we cannot predict how long this situation will last, we continue to focus on maintaining a strong balance sheet, liquidity and financial flexibility.

Human Capital and Benefits ('HCB')

The HCB segment provides an array of advice, broking, solutions and software for our clients. HCB is the largest segment of the Company and is focused on addressing our clients' people and risk needs to help them take on the challenges of operating in a global marketplace. This segment is further strengthened with teams of international consultants who provide support through each of our business units to the global headquarters of multinational clients and their foreign subsidiaries.

The following table sets forth HCB segment revenue for the three months ended June 30, 2021 and 2020, and the components of the change in revenue for the three months ended June 30, 2021 from the three months ended June 30, 2020.

	Three Months Ended June 30,		As Reported Change	Components of Revenue Change (i)

(i) Components of revenue change may not add due to rounding.

HCB segment revenue for the three months ended June 30, 2021 and 2020 was \$836 million and \$767 million, respectively. On an organic basis, Talent and Rewards returned to revenue growth, led by a sharp increase in demand for advisory work from employers navigating the challenging labor market. Retirement revenue increased with growth in Great Britain driven by funding and Guaranteed Minimum Pension ("GMP") equalization work, while increased consulting projects drove revenue growth in North America. Health and Benefits revenue grew primarily from increased consulting work in North America alongside continued expansion of our local portfolios and global benefits management appointments outside of North America. Technology and Administrative Solutions revenue increased due to new project and client activity in Great Britain.

The following table sets forth HCB segment revenue for the six months ended June 30, 2021 and 2020, and the components of the change in revenue for the six months ended June 30, 2021 from the six months ended June 30, 2020.

Retirement revenue increased with growth in Great Britain driven by funding and GMP equalization work, while increased consulting projects during the second quarter drove revenue growth in North America. Health and Benefits revenue grew in the second quarter primarily from increased consulting work in North America alongside continued expansion of our local portfolios and global benefits management appointments outside of North America. Technology and Administrative Solutions revenue increased due to new project and client activity in Great Britain.

Corporate Risk and Broking ('CRB')

The CRB segment provides a broad range of risk advice, insurance broking and consulting services to our clients worldwide, ranging from small businesses to multinational corporations. The segment delivers integrated global solutions tailored to client needs and underpinned by data and analytics.

The following table sets forth CRB segment revenue for the three months ended June 30, 2021 and 2020, and the components of the change in revenue for the three months ended June 30, 2021 from the three months ended June 30, 2020.

CRB segment revenue for the three months ended June 30, 2021 and 2020 was \$788 million and \$701 million, respectively. North America benefited from gains in connection with settlements and book-of-business sales in the quarter. On an organic basis North America led the segment followed by International, Western Europe and Great Britain with new business generation and strong renewals across several insurance lines, most notably, in FINEX and Construction.

The following table sets forth CRB segment revenue for the six months ended June 30, 2021 and 2020, and the components of the change in revenue for the six months ended June 30, 2021 from the six months ended June 30, 2020.

(i) Components of revenue change may not add due to rounding.

CRB segment revenue for the six months ended June 30, 2021 and 2020 was \$1.6 billion and \$1.4 billion, respectively. North America benefited from gains in connection with settlements and book-of-business sales. On an organic basis North America led the segment with strong renewals, primarily in FINEX. International and Great Britain revenue increased with new business generation primarily in the FINEX and Construction insurance lines. Revenue in Western Europe was largely flat as new business wins and renewal expansion was offset by challenges related to senior staff departures.

Investment, Risk and Reinsurance ('IRR')

The IRR segment uses a sophisticated approach to risk, which helps our clients free up capital and manage investment complexity. This segment works closely with investors, reinsurers and insurers to manage the equation between risk and return. Blending advanced analytics with deep institutional knowledge, IRR identifies new opportunities to maximize performance. This segment provides investment consulting and discretionary management services and insurance-specific services and solutions through reserves opinions, software, ratemaking, risk underwriting and reinsurance broking.

In September 2020, the Company sold its Max Matthiessen business, and the sale of Miller, its wholesale insurance broking subsidiary, was completed on March 1, 2021 (see Note 3 — Divestitures within Item 1 of this Quarterly Report on Form 10-Q for further information).

The following table sets forth IRR segment revenue for the three months ended June 30, 2021 and 2020, and the components of the change in revenue for the three months ended June 30, 2021 from the three months ended June 30, 2020.

Reinsurance growth was driven by new business wins and favorable renewal factors. Advisory-related fees led the revenue growth in both our Insurance Consulting and Technology business and Investment business, which was further aided by increased contingent performance fees.

The following table sets forth IRR segment revenue for the six months ended June 30, 2021 and 2020, and the components of the change in revenue for the six months ended June 30, 2021 from the six months ended June 30, 2020.

IRR segment revenue for both the six months ended June 30, 2021 and 2020 was \$1.0 billion. On an organic basis, most lines of business contributed to the growth. Reinsurance growth was driven by new business wins and favorable renewal factors. Advisory-related fees led the revenue growth in both our Investment business and Insurance Consulting and Technology business; revenue growth in these businesses was further aided by increased contingent performance fees and software sales, respectively. The growth was partially offset by a decline in Wholesale's revenue as a result of headwinds across coverage lines coupled with a strategic shift in its operating model.

Benefits Delivery and Administration ('BDA')

The BDA segment provides primary medical and ancillary benefit exchange and outsourcing services to active employees and retirees across both the group and individual markets. A significant portion of the revenue in this segment is recurring in nature, driven by either the commissions from the policies we sell, or from long-term service contracts with our clients that typically range from three to five years. Revenue across this segment may be seasonal, driven by the magnitude and timing of client enrollment activities, which often occur during the fourth quarter, with increased membership levels typically effective January 1, after calendar year-end benefits elections.

The following table sets forth BDA segment revenue for the three months ended June 30, 2021 and 2020, and the components of the change in revenue for the three months ended June 30, 2021 from the three months ended June 30, 2020.

BDA segment revenue for the six months ended June 30, 2021 and 2020 was \$529 million and \$440 million, respectively. BDA's organic revenue increase was led by Individual Marketplace, primarily by TRANZACT, which generated year-to-date revenue of \$264 million with strong growth in Medicare Advantage sales. Benefits Outsourcing revenue also increased, driven by its expanded client base.

Costs of Providing Services

Total costs of providing services were \$2.0 billion for both the three months ended June 30, 2021 and 2020, an increase of \$76 million, or 4%. Total costs of providing services for the six months ended June 30, 2021 were \$4.2 billion, compared to \$4.1 billion for the six months ended June 30, 2020, an increase of \$108 million, or 3%. See the following discussion for further details.

Salaries and benefits

Salaries and benefits were \$1.4 billion for both the three months ended June 30, 2021 and 2020, an increase of \$44 million, or 3%. The increase this quarter was mostly due to higher incentive and benefit accruals as compared to the prior year. Salaries and benefits, as a percentage of revenue, represented 62% and 65% for the three months ended June 30, 2021 and 2020, respectively.

Salaries and benefits for the six months ended June 30, 2021 were \$2.9 billion, compared to \$2.8 billion for the six months ended June 30, 2020, an increase of \$173 million, or 6%. The increase for the first half of 2021 is primarily due to higher incentive and benefit accruals for the period along with increases in our share-based compensation expense. Higher stock prices in 2021 drove most of the increase in share-based compensation expense, since our liability-classified awards are adjusted to fair value every quarter. Salaries and benefits, as a percentage of revenue, represented 60% for the both the six months ended June 30, 2021 and 2020.

Other operating expenses

Other operating expenses for the three months ended June 30, 2021 were \$398 million, compared to \$387 million for the three months ended June 30, 2020, an increase of \$11 million, or 3%. The increase was mostly due to higher marketing costs and professional fees, partially offset by lower local office and professional insurance costs for the current quarter as compared to the same period in the prior year. Other operating expenses for the six months ended June 30, 2021 were \$815 million, compared to \$871 million for the six months ended June 30, 2020, a decrease of \$56 million, or 6%. This improvement was primarily due to decreases in travel and entertainment costs, bad debt expense, local office expenses and professional fees, partially offset by higher marketing costs for the first half of 2021 as compared to the same period in the prior year.

Depreciation

Depreciation for the three months ended June 30, 2021 was \$72 million, compared to \$67 million for the three months ended June 30, 2020, an increase of \$5 million, or 7%. The quarter-over-quarter increase was due to a higher depreciable base of assets resulting from additional assets placed in service during 2020. Depreciation for the six months ended June 30, 2021 was \$143 million, compared to \$165 million for the six months ended June 30, 2020, a decrease of \$22 million, or 13%. The year-over-year decrease was primarily due to the prior year acceleration of depreciation of \$35 million related to the abandonment of an internally-developed software asset prior to being placed in service. This decrease was partially offset by a higher depreciable base of assets resulting from additional assets placed in service during 2020.

Amortization

Amortization for the three months ended June 30, 2021 was \$98 million, compared to \$119 million for the three months ended June 30, 2020, a decrease of \$21 million, or 18%. Amortization for the six months ended June 30, 2021 was \$201 million, compared to \$240 million for the six months ended June 30, 2020, a decrease of \$39 million, or 16%. Our intangible amortization is generally more heavily weighted to the initial years of the useful lives of the related intangibles, and therefore amortization related to intangible assets will continue to decrease over time.

Transaction and integration expenses

Transaction and integration expenses for the three months ended June 30, 2021 were \$51 million, compared to \$14 million for the three months ended June 30, 2020. Transaction and integration expenses for the six months ended June 30, 2021 were \$75 million, compared to \$23 million for the six months ended June 30, 2020. The expenses for both periods consist of transaction costs, primarily legal fees and other professional fees, related to the proposed combination with Aon prior to its termination.

Income from Operations

Income from operations for the three months ended June 30, 2021 was \$260 million, compared to \$163 million for the three months ended June 30, 2020, an increase of \$97 million. This increase resulted mostly from higher revenue, partially offset by higher incentive and benefit accruals in the current quarter.

Income from operations for the six months ended June 30, 2021 was \$712 million, compared to \$523 million for the six months ended June 30, 2020, an increase of \$189 million. This increase resulted mostly from higher revenue, partially offset by higher salaries and benefits costs in the first half of 2021.

Interest Expense

Interest expense for the three months ended June 30, 2021 was \$52 million, compared to \$62 million for the three months ended June 30, 2020, a decrease of \$10 million, or 16%. Interest expense for the six months ended June 30, 2021 was \$111 million, compared to \$123 million for the six months ended June 30, 2020, a decrease of \$12 million, or 10%. These decreases were primarily the result of lower levels of indebtedness in the current year.

Other Income, Net

Other income, net for the three months ended June 30, 2021 was \$74 million, compared to \$76 million for the three months ended June 30, 2020, a decrease of \$2 million, primarily due to less pension income period over period.

Other income, net for the six months ended June 30, 2021 was \$513 million, compared to \$168 million for the six months ended June 30, 2020, an increase of \$345 million, primarily resulting from the net gain on disposals of operations, mostly due to the disposal of our Miller business (see Note 3 – Divestitures in Part I, Item 1 ‘Financial Statements’ in this Form 10-Q), partially offset by less favorable foreign exchange activity and less pension income for the first half of the year.

Provision for Income Taxes

Provision for income taxes for the three months ended June 30, 2021 was \$96 million, compared to \$75 million for the three months ended June 30, 2020, an increase of \$21 million. The effective tax rate was 33.8% for the three months ended June 30, 2021, and 42.2% for the three months ended June 30, 2020. Provision for income taxes for the six months ended June 30, 2021 was \$192 million, compared to \$153 million for the six months ended June 30, 2020, an increase of \$39 million. The effective tax rate was 17.2% for the six months ended June 30, 2021, and 26.9% for the six months ended June 30, 2020. These effective tax rates are calculated using extended values from our condensed consolidated statements of comprehensive income and are therefore more precise tax rates than can be calculated from rounded values. The current quarter effective tax rate includes a \$40 million deferred tax expense related to the enacted U.K. statutory tax rate change, however, the prior year effective tax rate for the three months ended June 30, 2020 was higher due to additional expense recognized in connection with the temporary provisions of the CARES Act. The current first half effective tax rate was lower primarily due to the tax-exempt disposal of our Miller business, partially offset by the income tax effects of the U.K. tax rate change enacted in the second quarter of 2021.

Net Income Attributable to Willis Towers Watson

Net income attributable to Willis Towers Watson for the three months ended June 30, 2021 was \$184 million, compared to \$94 million for the three months ended June 30, 2020, an increase of \$90 million, or 96%. This increase was primarily due to higher revenue, partially offset by increased salary and benefits costs and higher transaction and integration expenses.

Net income attributable to Willis Towers Watson for the six months ended June 30, 2021 was \$917 million, compared to \$399 million for the six months ended June 30, 2020, an increase of \$518 million, or 130%. This increase was primarily due to the gain on the sale of the Miller business along with higher revenue, partially offset by increased salary and benefits costs and higher tax expense.

Liquidity and Capital Resources

Executive Summary

Our principal sources of liquidity are funds generated by operating activities, available cash and cash equivalents and amounts available under our revolving credit facilities and any new debt offerings, which were subject to the limitations set forth in the Aon combination agreement prior to the Termination.

The COVID-19 pandemic has contributed to significant volatility in financial markets, including occasional declines in equity markets, changes in interest rates and reduced liquidity on a global basis. Specific to Willis Towers Watson, the COVID-19 pandemic has had a negative impact on discretionary work we perform for our clients, although we have seen a demand for these services begin to return in the second quarter of 2021. We also believe this may continue to impact future cash collections from clients, particularly those in certain harder-hit industries. We have also reduced our spending on travel and associated expenses and third-party contractors, and we have the ability to reduce spending on discretionary projects and certain capital expenditures.

Based on our current balance sheet and cash flows, current market conditions and information available to us at this time, we believe that Willis Towers Watson has access to sufficient liquidity, which includes all of the borrowing capacity available to draw against our \$1.25 billion revolving credit facility, to meet our cash needs for the next twelve months, including investments in the business for growth, scheduled debt repayments and dividend payments. During the six months ended June 30, 2021, we made payments of \$185 million (net of reimbursements) for the settlement of obligations related to the Stanford and Willis Towers Watson merger-related securities litigations, and we repaid in full the \$500 million of 5.750% senior notes which matured in the first quarter of 2021, along with related interest, using currently available cash. We intend to repay the full \$450 million of 3.500% senior notes and related interest, which matures in the third quarter of 2021, from available cash on-hand.

Events that could change the historical cash flow dynamics discussed above include significant changes in operating results, potential future acquisitions or divestitures, material changes in geographic sources of cash, unexpected adverse impacts from litigation or regulatory matters, or future pension funding during periods of severe downturn in the capital markets.

Undistributed Earnings of Foreign Subsidiaries

The Company recognizes deferred tax balances related to the undistributed earnings of subsidiaries when it expects that it will recover those undistributed earnings in a taxable manner, such as through receipt of dividends or sale of the investments.

We continue to have certain subsidiaries whose earnings have not been deemed permanently reinvested, for which we have been accruing estimates of the tax effects of such repatriation. Excluding these certain subsidiaries, we continue to assert that the historical cumulative earnings for the remainder of our subsidiaries have been reinvested indefinitely and therefore do not provide deferred taxes on these amounts. If future events, including material changes in estimates of cash, working capital, long-term investment requirements or additional legislation relating to U.S. Tax Reform, necessitate that these earnings be distributed, an additional provision for income and foreign withholding taxes, net of credits, may be necessary. Other potential sources of cash may be through the settlement of intercompany loans or return of capital distributions in a tax-efficient manner.

Cash and Cash Equivalents

Our cash and cash equivalents at June 30, 2021 totaled \$2.2 billion, compared to \$2.1 billion at December 31, 2020. The increase in cash from December 31, 2020 to June 30, 2021 was primarily due to the net proceeds from the sale of our Miller business in the amount of \$696 million along with strong operating results. These additions to cash were partially offset by the payment in full of our \$500 million of 5.750% senior notes, net legal settlement payments of \$185 million (related to the Stanford and Willis Towers Watson merger settlements), and higher bonus payments and benefit-related items of \$249 million made in the first half of 2021.

Additionally, we had all of the borrowing capacity available to draw against our \$1.25 billion revolving credit facility at both June 30, 2021 and December 31, 2020.

Included within cash and cash equivalents at June 30, 2021 and December 31, 2020 are amounts held for regulatory capital adequacy requirements, including \$88 million at both balance sheet dates presented, held within our regulated U.K. entities.

There was \$7 million and \$8 million of restricted cash held at June 30, 2020 and December 31, 2019, respectively.

Cash Flows From Operating Activities

Cash flows from operating activities were \$366 million for the six months ended June 30, 2021, compared to \$685 million for the six months ended June 30, 2020. The \$366 million of net cash from operating activities for the six months ended June 30, 2021 included net income of \$922 million and \$79 million of non-cash adjustments, partially offset by changes in operating assets and liabilities of \$635 million. This decrease in cash flows from operating activities as compared to the prior year was primarily due to net legal settlement payments of \$185 million as well as \$249 million of increased bonus and benefit-related payments made during the six months ended June 30, 2021.

The \$685 million of net cash from operating activities for the six months ended June 30, 2020 included net income of \$415 million and \$474 million of non-cash adjustments, partially offset by changes in operating assets and liabilities of \$204 million.

Cash Flows From/(Used In) Investing Activities

Cash flows from investing activities for the six months ended June 30, 2021 were \$590 million as compared to cash flows used in investing activities of \$249 million for the six months ended June 30, 2020. The cash flows from investing activities for the six months ended June 30, 2021 primarily include the net proceeds from the sale of Miller of \$696 million, partially offset by capital expenditures and capitalized software additions of \$106 million.

The cash flows used in investing activities in the prior year period were primarily driven by capital expenditures, capitalized software additions and an acquisition during the first quarter of 2020.

Cash Flows Used In Financing Activities

Cash flows used in financing activities for the six months ended June 30, 2021 were \$821 million. The significant financing activities included debt repayments of \$515 million along with dividend payments of \$269 million. The dividend payment which historically occurred during July was accelerated to June in 2021.

Cash flows used in financing activities for the six months ended June 30, 2020 were \$215 million. The significant financing activities included dividend payments of \$171 million and net debt-related payments of \$31 million.

Indebtedness

Total debt, total equity, and the capitalization ratios at June 30, 2021 and December 31, 2020 were as follows:

	June 30, 2021	December 31, 2020
	(\$ in millions)	
Long-term debt	\$ 3,995	\$ 4,664
Current debt	1,110	971
Total debt	<u>\$ 5,105</u>	<u>\$ 5,635</u>
Total Willis Towers Watson shareholders' equity	<u>\$ 11,670</u>	<u>\$ 10,820</u>
Capitalization ratio	<u>30.4%</u>	<u>34.2%</u>

The capitalization ratio decreased from December 31, 2020 due to the March 2021 repayment of our \$500 million 5.750% senior notes (see Part I, Item 1 Note 9 — Debt for further information) as well as the increase in shareholders' equity driven by strong earnings in the first half of the year which included the gain on the Miller wholesale business.

At June 30, 2021, our mandatory debt repayments over the next twelve months include \$450 million outstanding on our 3.500% senior notes due 2021, \$641 million outstanding on our 2.125% senior notes due 2022 and \$20 million outstanding on our collateralized facility. In addition, our \$1.25 billion revolving credit facility will expire on March 7, 2022.

At June 30, 2021 and December 31, 2020 we were in compliance with all financial covenants.

Fiduciary Funds

As an intermediary, we hold funds, generally in a fiduciary capacity, for the account of third parties, typically as the result of premiums received from clients that are in transit to insurers and claims due to clients that are in transit from insurers. We report premiums, which are held on account of, or due from, clients as assets with a corresponding liability due to the insurers. Claims held by or due to us, which are due to clients, are also shown as both Fiduciary assets and Fiduciary liabilities on our condensed consolidated balance sheets.

Fiduciary funds are generally required to be kept in regulated bank accounts subject to guidelines which emphasize capital preservation and liquidity; such funds are not available to service the Company's debt or for other corporate purposes. Notwithstanding the legal relationships with clients and insurers, the Company is entitled to retain investment income earned on fiduciary funds in accordance with industry custom and practice and, in some cases, as supported by agreements with insureds.

At June 30, 2021 and December 31, 2020, we had fiduciary funds of \$3.8 billion and \$4.3 billion, respectively.

Share Repurchase Program

The Company is authorized to repurchase shares, by way of redemption, and will consider whether to do so from time to time, based on many factors, including market conditions. There are no expiration dates for our repurchase plans or programs.

On February 26, 2020, the board of directors approved a \$251 million increase to the existing share repurchase program, increasing the total remaining authorization to \$500 million.

During the six months ended June 30, 2021, the Company had no share repurchase activity. A share repurchase prohibition existed under the transaction agreement for the proposed Aon combination. Following the Termination, there are no longer any contractual prohibitions on share repurchases.

At June 30, 2021, approximately \$500 million remained on the current repurchase authority. The maximum number of shares that could be repurchased based on the closing price of our ordinary shares on June 30, 2021 of \$230.02 was 2,173,724.

On July 26, 2021, the board of directors approved a \$1.0 billion increase to the existing share repurchase program, increasing the total remaining authorization to \$1.5 billion.

Capital Commitments

Capital expenditures for fixed assets and software for internal use were \$79 million during the six months ended June 30, 2021. The Company estimates that there will be additional such expenditures of approximately \$121 million during the remainder of 2021. We currently expect cash from operations to adequately provide for these cash needs. There have been no material changes to our capital commitments since December 31, 2020.

Dividends

Total cash dividends of \$269 million were paid during the six months ended June 30, 2021. This amount includes three dividend payments due to the acceleration of the dividend which historically occurred during July. Rather, in May 2021, the board of directors approved a quarterly cash dividend of \$0.71 per share (\$2.84 per share annualized rate), which was paid on June 15, 2021 to shareholders of record as of May 31, 2021.

In July 2021, the board of directors approved an increased quarterly cash dividend of \$0.80 per share (\$3.20 per share annualized rate), which will be paid on or around October 15, 2021 to shareholders of record as of September 30, 2021.

Supplemental Guarantor Financial Information

As of June 30, 2021, Willis Towers Watson has issued the following debt securities (the 'notes'):

- a) Willis North America Inc. ('Willis North America') has approximately \$2.9 billion senior notes outstanding, of which \$650 million were issued on May 16, 2017, \$1.0 billion were issued on September 10, 2018, \$1.0 billion were issued on September 10, 2019, and \$275 million were issued on May 29, 2020; and
- b) Trinity Acquisition plc has approximately \$2.1 billion senior notes outstanding, of which \$525 million were issued on August 15, 2013, \$1.0 billion were issued on March 22, 2016 and €540 million (\$609 million) were issued on May 26, 2016, and a \$1.25 billion revolving credit facility established on March 7, 2017, on which no balance is currently outstanding.

The following table presents a summary of the entities that issue each note and those wholly-owned subsidiaries of the Company that guarantee each respective note on a joint and several basis as of June 30, 2021. These subsidiaries are all consolidated by Willis Towers Watson plc (the 'parent company') and together with the parent company comprise the 'Obligor group'.

Entity	Trinity Acquisition plc Notes	Willis North America Inc. Notes
Willis Towers Watson plc (i)	Guarantor	Guarantor
Trinity Acquisition plc	Issuer	Guarantor
Willis North America Inc.	Guarantor	Issuer
Willis Netherlands Holdings B.V.	Guarantor	Guarantor
Willis Investment UK Holdings Limited	Guarantor	Guarantor
TA I Limited	Guarantor	Guarantor
Willis Group Limited	Guarantor	Guarantor
Willis Towers Watson Sub Holdings Unlimited Company	Guarantor	Guarantor
Willis Towers Watson UK Holdings Limited	Guarantor	Guarantor

(i) The \$500 million senior notes issued on March 17, 2011 by Willis Towers Watson plc, and related interest, were fully repaid on March 15, 2021.

The notes issued by the parent company, Willis North America and Trinity Acquisition plc:

- rank equally with all of the issuer's existing and future unsubordinated and unsecured debt;
- rank equally with the issuer's guarantee of all of the existing senior debt of the Company and the other guarantors, including any debt under the Revolving Credit Facility;
- are senior in right of payment to all of the issuer's future subordinated debt; and

- are effectively subordinated to all of the issuer's secured debt to the extent of the value of the assets securing such debt.

All other subsidiaries of the parent company are non-guarantor subsidiaries ('the non-guarantor subsidiaries').

Each member of the Obligor group has only a stockholder's claim on the assets of the non-guarantor subsidiaries. This stockholder's claim is junior to the claims that creditors have against those non-guarantor subsidiaries. Holders of the notes will only be creditors of the Obligor group and not creditors of the non-guarantor subsidiaries. As a result, all of the existing and future liabilities of the non-guarantor subsidiaries, including any claims of trade creditors and preferred stockholders, will be structurally senior to the notes. As of and for the periods ended June 30, 2021 and December 31, 2020, the non-guarantor subsidiaries represented substantially all of the total assets and accounted for substantially all of the total revenue of the Company prior to consolidating adjustments. The non-guarantor subsidiaries have other liabilities, including contingent liabilities that may be significant. Each indenture does not contain any limitations on the amount of additional debt that the Obligor group and the non-guarantor subsidiaries may incur. The amounts of this debt could be substantial, and this debt may be debt of the non-guarantor subsidiaries, in which case this debt would be effectively senior in right of payment to the notes.

The notes are obligations exclusively of the Obligor group. Substantially all of the Obligor group's operations are conducted through its non-guarantor subsidiaries. Therefore, the Obligor group's ability to service its debt, including the notes, is dependent upon the net cash flows of its non-guarantor subsidiaries and their ability to distribute those net cash flows as dividends, loans or other payments to the Obligor group. Certain laws restrict the ability of these non-guarantor subsidiaries to pay dividends and make loans and advances to the Obligor group. In addition, such non-guarantor subsidiaries may enter into contractual arrangements that limit their ability to pay dividends and make loans and advances to the Obligor group.

Intercompany balances and transactions between members of the Obligor group have been eliminated. All intercompany balances and transactions between the Obligor group and the non-guarantor subsidiaries have been presented in the disclosures below on a net presentation basis, rather than a gross basis, as this better reflects the nature of the intercompany positions and presents the funding or funded position that is to be received or owed. The intercompany balances and transactions between the Obligor group and non-guarantor subsidiaries, presented below, relate to a number of items including loan funding for acquisitions and other purposes, transfers of surplus cash between subsidiary companies, funding provided for working capital purposes, settlement of expense accounts, transactions related to share-based payment arrangements and share issuances, intercompany royalty arrangements, intercompany dividends and intercompany interest. At June 30, 2021 and December 31, 2020, the intercompany balances of the Obligor group with non-guarantor subsidiaries were net receivables of \$500 million at both balance sheet dates presented and net payables of \$7.8 billion and \$7.6 billion, respectively.

No balances or transactions of non-guarantor subsidiaries are presented in the disclosures other than the intercompany items noted above.

Presented below is certain summarized financial information for the Obligor group.

Non-GAAP Financial Measures

In order to assist readers of our condensed consolidated financial statements in understanding the core operating results that Willis Towers Watson's management uses to evaluate the business and for financial planning purposes, we present the following non-GAAP measures and their most directly comparable U.S. GAAP measure:

Most Directly Comparable U.S. GAAP Measure	Non-GAAP Measure
As reported change	Constant currency change
As reported change	Organic change
Income from operations/margin	Adjusted operating income/margin
Net income/margin	Adjusted EBITDA/margin
Net income attributable to Willis Towers Watson	Adjusted net income
Diluted earnings per share	Adjusted diluted earnings per share
Income from operations before income taxes	Adjusted income before taxes
Provision for income taxes/U.S. GAAP tax rate	Adjusted income taxes/tax rate
Net cash from operating activities	Free cash flow

The Company believes that these measures are relevant and provide useful information widely used by analysts, investors and other interested parties in our industry to provide a baseline for evaluating and comparing our operating performance, and in the case of free cash flow, our liquidity results.

Within the measures referred to as 'adjusted', we adjust for significant items which will not be settled in cash, or which we believe to be items that are not core to our current or future operations. Some of these items may not be applicable for the current quarter, however they may be part of our full-year results. These items include the following:

- Restructuring costs and transaction and integration expenses – Management believes it is appropriate to adjust for restructuring costs and transaction and integration expenses when they relate to a specific significant program with a defined set of activities and costs that are not expected to continue beyond a defined period of time, or significant acquisition-related transaction expenses. We believe the adjustment is necessary to present how the Company is performing, both now and in the future when the incurrence of these costs will have concluded.
- Gains and losses on disposals of operations – Adjustment to remove the gain or loss resulting from disposed operations.
- Pension settlement and curtailment gains and losses – Adjustment to remove significant pension settlement and curtailment gains and losses to better present how the Company is performing.
- Abandonment of long-lived asset – Adjustment to remove the depreciation expense resulting from internally-developed software that was abandoned prior to being placed into service.
- Provisions for significant litigation – We will include provisions for litigation matters which we believe are not representative of our core business operations. These amounts are presented net of insurance and other recovery receivables.
- Tax effect of statutory rate changes – Relates to the incremental tax expense or benefit from significant statutory income tax rate changes enacted in material jurisdictions in which we operate.
- Tax effect of the CARES Act – Relates to the incremental tax expense impact, primarily from the Base Erosion and Anti-Abuse Tax ('BEAT'), generated from electing certain income tax provisions of the CARES Act.
- Tax effects of internal reorganization – Relates to the U.S. income tax expense resulting from the completion of internal reorganizations of the ownership of certain businesses that reduced the investments held by our U.S.-controlled subsidiaries.

These non-GAAP measures are not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies. Non-GAAP measures should be considered in addition to, and not as a substitute for, the information contained within our condensed consolidated financial statements.

Constant Currency Change and Organic Change

We evaluate our revenue on an as reported (U.S. GAAP), constant currency and organic basis. We believe presenting constant currency and organic information provides valuable supplemental information regarding our comparable results, consistent with how we evaluate our performance internally.

- *Constant currency change* – Represents the year-over-year change in revenue excluding the impact of foreign currency fluctuations. To calculate this impact, the prior year local currency results are first translated using the current year monthly average exchange rates. The change is calculated by comparing the prior year revenue, translated at the current year monthly average exchange rates, to the current year as reported revenue, for the same period. We believe constant currency measures provide useful information to investors because they provide transparency to performance by excluding the effects that

foreign currency exchange rate fluctuations have on period-over-period comparability given volatility in foreign currency exchange markets.

- *Organic change* – Excludes the impact of fluctuations in foreign currency exchange rates as described above and the period-over-period impact of acquisitions and divestitures on current-year revenue. We believe that excluding transaction-related items from our U.S. GAAP financial measures provides useful supplemental information to our investors, and it is important in illustrating what our core operating results would have been had we not included these transaction-related items, since the nature, size and number of these transaction-related items can vary from period to period.

The constant currency and organic change results, and reconciliations from the reported results for consolidated revenue are included in the Consolidated Revenue section within this Form 10-Q. These measures are also reported by segment in the Segment Revenue section within this Form 10-Q.

Reconciliations of the reported changes to the constant currency and organic changes for the three and six months ended June 30, 2021 from the three and six months ended June 30, 2020 are as follows:

	Three Months Ended June 30,		As Reported Change	Components of Revenue Change (i)

Revenue	\$ 4,876	\$ 4,579	6%	4%	3%	(3)%	6%

(i) Components of revenue change may not add due to rounding.

Adjusting for the impacts of foreign currency and acquisitions and disposals in the calculation of our organic activity, our revenue growth was 8% for the three months ended June 30, 2021 and 6% for the six months ended June 30, 2021. These organic increases in revenue were driven by strong performances in all segments as well as settlements and book-of-business sales in CRB.

Adjusted Operating Income/Margin

We consider adjusted operating income/margin to be important financial measures, which are used internally to evaluate and assess our core operations and to benchmark our operating results against our competitors.

Adjusted operating income is defined as income from operations adjusted for amortization, transaction and integration expenses and non-recurring items that, in management's judgment, significantly affect the period-over-period assessment of operating results. Adjusted operating income margin is calculated by dividing adjusted operating income by revenue.

Reconciliations of income from operations to adjusted operating income for the three and six months ended June 30, 2021 and 2020 are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
	(in millions)			
Income from operations	\$ 260	\$ 163	\$ 712	\$ 523
Adjusted for certain items:				
Abandonment of long-lived asset	—	—	—	35
Amortization	98	119	201	240
Transaction and integration expenses	51	14	75	23
Adjusted operating income	\$ 409	\$ 296	\$ 988	\$ 821
Income from operations margin	11.4%	7.7%	14.6%	11.4%
Adjusted operating income margin	17.9%	14.0%	20.3%	17.9%

Adjusted operating income increased for the three months ended June 30, 2021 to \$409 million from \$296 million for the three months ended June 30, 2020 and increased for the six months ended June 30, 2021 to \$988 million from \$821 million for the six months ended June 30, 2020. These increases resulted mostly from higher revenue, partially offset by higher incentive and benefit accruals in 2021.

Adjusted EBITDA/Margin

We consider adjusted EBITDA/margin to be important financial measures, which are used internally to evaluate and assess our core operations, to benchmark our operating results against our competitors and to evaluate and measure our performance-based compensation plans.

Adjusted EBITDA is defined as net income adjusted for provision for income taxes, interest expense, depreciation and amortization, transaction and integration expenses, gains and losses on disposals of operations and non-recurring items that, in management's judgment, significantly affect the period-over-period assessment of operating results. Adjusted EBITDA margin is calculated by dividing adjusted EBITDA by revenue.

Reconciliations of net income to adjusted EBITDA for the three and six months ended June 30, 2021 and 2020 are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
	(in millions)			
NET INCOME	\$ 186	\$ 102	\$ 922	\$ 415

Adjusted EBITDA	<u>\$ 557</u>	<u>\$ 441</u>	<u>\$ 1,287</u>	<u>\$ 1,121</u>
Net income margin	8.1%	4.8%	18.9%	9.1%
Adjusted EBITDA margin	24.4%	20.9%	26.4%	24.5%

(i) Includes abandonment of long-lived asset of \$35 million for the six months ended June 30, 2020.

Adjusted EBITDA for the three months ended June 30, 2021 was \$557 million, compared to \$441 million for the three months ended June 30, 2020, and was \$1.3 billion for the six months ended June 30, 2021, compared to \$1.1 billion for the six months ended June 30, 2020. These increases were primarily due to higher revenue, partially offset by higher incentive and benefit accruals in 2021.

Adjusted Net Income and Adjusted Diluted Earnings Per Share

Adjusted net income is defined as net income attributable to Willis Towers Watson adjusted for amortization, transaction and integration expenses, gains and losses on disposals of operations and non-recurring items that, in management's judgment, significantly affect the period-over-period assessment of operating results and the related tax effect of those adjustments and the tax effects of internal reorganizations. This measure is used solely for the purpose of calculating adjusted diluted earnings per share.

Adjusted diluted earnings per share is defined as adjusted net income divided by the weighted-average number of shares of common stock, diluted. Adjusted diluted earnings per share is used to internally evaluate and assess our core operations and to benchmark our operating results against our competitors.

Reconciliations of net income attributable to Willis Towers Watson to adjusted diluted earnings per share for the three months ended June 30, 2021 and 2020 are as follows:

Reconciliations of net income attributable to Willis Towers Watson to adjusted diluted earnings per share for the six months ended June 30, 2021 and 2020 are as follows:

	Six Months Ended June 30,

Adjusted diluted earnings per share	<u>\$ 6.30</u>	<u>\$ 5.14</u>

(i) The tax effect was calculated using an effective tax rate for each item.

(ii) Per share values and totals may differ due to rounding.

Our adjusted diluted earnings per share increased for both the three and six months ended June 30, 2021 as compared to the prior year primarily due to higher revenue, partially offset by higher incentive and benefit accruals in 2021.

Adjusted Income Before Taxes and Adjusted Income Taxes/Tax Rate

Adjusted income before taxes is defined as income from operations before income taxes adjusted for amortization, transaction and integration expenses, gains and losses on disposals of operations and non-recurring items that, in management's judgment, significantly affect the period-over-period assessment of operating results. Adjusted income before taxes is used solely for the purpose of calculating the adjusted income tax rate.

Adjusted income taxes/tax rate is defined as the provision for income taxes adjusted for taxes on certain items of amortization, transaction and integration expenses, gains and losses on disposals of operations, the tax effects of internal reorganizations and non-recurring items that, in management's judgment, significantly affect the period-over-period assessment of operating results, divided by adjusted income before taxes. Adjusted income taxes is used solely for the purpose of calculating the adjusted income tax rate.

Management believes that the adjusted income tax rate presents a rate that is more closely aligned to the rate that we would incur if not for the reduction of pre-tax income for the adjusted items and the tax effects of internal reorganizations, which are not core to our current and future operations.

Reconciliations of income from operations before income taxes to adjusted income before taxes and provision for income taxes to adjusted income taxes for the three and six months ended June 30, 2021 and 2020 are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2021	2020	2021	2020
	(\$ in millions)			
INCOME FROM OPERATIONS BEFORE INCOME TAXES	\$ 282	\$ 177	\$ 1,114	\$ 568

Tax effect of statutory rate change	(40)	—	(40)	—
Tax effect of the CARES Act	—	(35)	—	(35)
Adjusted income taxes	\$ 84	\$ 70	\$ 207	\$ 183
U.S. GAAP tax rate	33.8%	42.2%	17.2%	26.9%
Adjusted income tax rate	19.3%	22.2%	20.0%	21.1%

(i) The tax effect was calculated using an effective tax rate for each item.

Our U.S. GAAP tax rates were 33.8% and 42.2% for the three months ended June 30, 2021 and 2020, respectively, and 17.2% and 26.9% for the six months ended June 30, 2021 and 2020, respectively. The current quarter U.S. GAAP tax rate includes a \$40 million deferred tax expense related to the enacted U.K. statutory tax rate change, however, the prior year U.S. GAAP tax rate for the three months ended June 30, 2020 was higher due to additional expense recognized in connection with the temporary provisions of the CARES Act.

Our adjusted income tax rates were 19.3% and 22.2% for the three months ended June 30, 2021 and 2020, respectively, and 20.0% and 21.1% for the six months ended June 30, 2021 and 2020, respectively. Our adjusted tax rate for the three and six months ended June 30, 2021 is lower than the three and six months ended June 30, 2020 primarily due to the geographical spread of income.

Free Cash Flow

Free cash flow is defined as cash flows from operating activities less cash used to purchase fixed assets and software for internal use. Free cash flow is a liquidity measure and is not meant to represent residual cash flow available for discretionary expenditures.

Management believes that free cash flow presents the core operating performance and cash generating capabilities of our business operations.

Reconciliations of cash flows from operating activities to free cash flow for the six months ended June 30, 2021 and 2020 are as follows:

	Six Months Ended June 30,	
	2021	2020
	(in millions)	
Cash flows from operating activities	\$ 366	\$ 685
Less: Additions to fixed assets and software for internal use	(79)	(135)
Free cash flow	\$ 287	\$ 550

The unfavorable movement in free cash flows in the first half of 2021 was due to net legal settlement payments of \$185 million (related to the Stanford and Willis Towers Watson merger settlements) as well as higher bonus payments and benefit-related items of \$249 million made in the first half of 2021.

Critical Accounting Policies and Estimates

There were no material changes from the Critical Accounting Policies and Estimates disclosed in our 2020 Annual Report on Form 10-K, filed with the SEC on February 23, 2021.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have considered changes in our exposure to market risks during the six months ended June 30, 2021 and have determined that there have been no material changes to our exposure to market risks from those described in the Company's Annual Report on Form 10-K for the year ended December 31, 2020, filed with the SEC on February 23, 2021. However, we have provided the following information to supplement or update our disclosures on our Form 10-K.

LIBOR-Related Debt Instruments

In July 2017, the Financial Conduct Authority, the authority that regulates LIBOR, announced its intention to phase out LIBOR as a benchmark rate by the end of 2021. The Alternative Reference Rates Committee ('ARRC'), a group of private-market participants convened by the Federal Reserve Board and the Federal Reserve Bank of New York to help ensure a successful transition from U.S. dollar LIBOR ('USD-LIBOR') to a more robust reference rate, has proposed that the Secured Overnight Financing Rate ('SOFR') represents the best alternative to USD-LIBOR for use in derivatives and other financial contracts that are currently indexed to USD-LIBOR. ARRC has proposed a transition plan with specific steps and timelines designed to encourage the adoption of SOFR and guide the transition to SOFR from USD-LIBOR. Organizations are currently working on industry-wide and company-specific transition plans related to derivatives and cash markets exposed to USD-LIBOR. Similar efforts are underway to identify suitable replacement reference rates for LIBOR in other major currencies.

Subsequently, on March 5, 2021, ICE Benchmark Administration ('IBA') stated that as a result of its not having access to input data necessary to calculate LIBOR settings on a representative basis beyond the intended cessation dates as set forth below, it would have to cease publication of all 35 LIBOR settings immediately after December 31, 2021 for all GBP-, EUR-, CHF- and JPY-LIBOR settings as well as 1-week and 2-month USD-LIBOR settings. Effective after June 30, 2023, IBA will cease publishing overnight and 1-, 3-, 6- and 12-month USD-LIBOR settings.

As of June 30, 2021, the Company's primary exposure is its \$1.25 billion revolving credit facility expiring in 2022 and its collateralized facility, which are both priced using rates tied to LIBOR. We anticipate renegotiating the revolving credit facility prior to the potential LIBOR quotation termination date and will renegotiate, or repay, the collateralized facility prior to the end of 2021. In addition, the Company and its subsidiaries have entered into various intercompany notes indexed to LIBOR. The Company, in preparation for a December 31, 2021 deadline, expects to amend, replace, or terminate the LIBOR-based intercompany notes as necessary to reflect new market benchmarks for the relevant loan currencies.

We are currently evaluating the LIBOR-related risks that may be inherent in our Treasury workstation software and elsewhere in our business and are monitoring further proposals and guidance from the ARRC and other alternative-rate initiatives. While it is currently uncertain whether SOFR or another reference rate will be selected as the alternative to LIBOR, or whether other reforms will be enacted in response to the planned transition, we will make the appropriate changes when necessary.

Interest Income on Fiduciary Funds

As described in our Form 10-K, we are exposed to interest rate risk. Specifically, as a result of our operating activities, we receive cash for premiums and claims which we deposit in short-term investments denominated in U.S. dollars and other currencies. We earn interest on these funds, which is included in our condensed consolidated financial statements as interest income. These funds are regulated in terms of access and the instruments in which they may be invested, most of which are short-term in maturity. At June 30, 2021, we held \$2.3 billion of fiduciary funds invested in interest-bearing accounts. If short-term interest rates increased or decreased by 25 basis points, interest earned on these invested fiduciary funds, and therefore our interest income recognized, would increase or decrease by approximately \$6 million on an annualized basis.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of June 30, 2021, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Chief Executive Officer ('CEO') and the Chief Financial Officer ('CFO'), of the effectiveness of the design and operation of the Company's disclosure controls and procedures as defined by Exchange Act Rule 13a-15(e). Based upon that evaluation, the CEO and the CFO concluded that the Company's disclosure controls and procedures are effective in ensuring that the information required to be included in the Company's periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms and that such information is accumulated and communicated to management, including the CEO and the CFO, as appropriate, to allow for timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There have been no changes in the Company's internal controls over financial reporting during the quarter ended June 30, 2021 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. Although most of our employees who are involved in our financial reporting processes and controls are working remotely due to the

COVID-19 pandemic, we have not experienced any specific impact to our internal controls over financial reporting. We are regularly monitoring and assessing the impact of the COVID-19 situation on our internal controls to minimize the impact on their design and operating effectiveness.

Limitations on the Effectiveness of Controls

Management, including the CEO and CFO, does not expect that our disclosure controls and procedures will necessarily prevent all errors and all fraud. However, management does expect that the control system provides reasonable assurance that its objectives will be met. A control system, no matter how well designed and operated, cannot provide absolute assurance that the control system's objectives will be met. In addition, the design of such internal controls must take into account the costs of designing and maintaining such a control system. Certain inherent limitations exist in control systems to make absolute assurances difficult, including the realities that judgments in decision-making can be faulty, that breakdowns can occur because of a simple error or mistake, and that individuals can circumvent controls. The design of any control system is based in part upon existing business conditions and risk assessments. There can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, controls may become inadequate because of changes in business conditions or deterioration in the degree of compliance with policies or procedures. As a result, they may require change or revision. Because of the inherent limitations in a control system, misstatements due to error or fraud may occur and may not be detected. Nevertheless, the disclosure controls and procedures are designed to provide reasonable assurance of achieving their stated objectives, and the CEO and CFO have concluded that the disclosure controls and procedures are effective at a reasonable assurance level.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The disclosure called for by Part II, Item 1 regarding our legal proceedings is incorporated by reference herein from Part I, Item 1 Note 13 — Commitments and Contingencies - Legal Proceedings of the notes to the condensed consolidated financial statements in this Form 10-Q for the quarter ended June 30, 2021.

On February 26, 2020, the board of directors approved a \$251 million increase to the existing share repurchase program, increasing the total remaining authorization to \$500 million.

During the six months ended June 30, 2021, the Company had no share repurchase activity. A share repurchase prohibition existed under the transaction agreement for the proposed Aon combination. Following the Termination, there are no longer any contractual prohibitions on share repurchases.

At June 30, 2021 the maximum number of shares that may yet be purchased under the existing stock repurchase plan is 2,173,724, with approximately \$500 million then-remaining on the current open-ended repurchase authority granted by the board. An estimate of the maximum number of shares under the existing authorities was determined using the closing price of our ordinary shares on June 30, 2021 of \$230.02.

On July 26, 2021, the board of directors approved a \$1.0 billion increase to the existing share repurchase program, increasing the total remaining authorization to \$1.5 billion.

The Colleague may not resign or otherwise terminate the Colleague's employment for any reason set forth above as Good Reason unless the Colleague first notifies the Employer in writing describing such Good Reason within 90 days of the first occurrence of such circumstances, and, thereafter, such Good Reason is not corrected by the Employer within 30 days of the Colleague's written notice of such Good Reason, and the Colleague actually terminates employment within 90 days following the expiration of the Employer's 30-day cure period described above.

Section 1.11 - Nominal Value

“Nominal Value” means \$0.00030465 per Share.

Section 1.12 Performance-Based Restricted Share Units

Section 1.19- Vesting Date

“Vesting Date” shall means the third anniversary of the Grant Date.

ARTICLE II

GRANT OF PERFORMANCE-BASED RESTRICTED SHARE UNITS

Section 2.1 - Grant of the Performance-Based Restricted Share Units

Subject to the terms and conditions of the Plan and the additional terms and conditions set forth in this Agreement including any country-specific provisions set forth in Schedule A to this Agreement, and, if applicable, the restrictive covenants set forth in Schedule B to the Agreement, the Company hereby grants to the Colleague the target number of PRSUs specified in a schedule to the Agreement or as stated in the Colleague’s online account with the Company’s designated broker/stock plan administrator. In circumstances where the Colleague is required to enter into the Agreement of Restrictive Covenants and Other Obligations set forth in Schedule B, the Colleague agrees that the grant of PRSUs pursuant to this Agreement is sufficient consideration for the Colleague entering into such agreement.

Section 2.2 - PRSU Payment

In accordance with Section 7(d)(ii) of the Plan, the Shares to be issued upon vesting and settlement of the PRSUs must be fully paid up prior to issuance of Shares by payment of the Nominal Value per Share. The Committee shall ensure that payment of the Nominal Value for any Shares underlying the PRSUs is received by it on behalf of the Colleague at the time the PRSUs are settled from a non-Irish Subsidiary or other source and shall establish any procedures or protocols necessary to ensure that payment is timely received.

Section 2.3 - Employment or Service Rights

Subject to the terms of the Agreement of Restrictive Covenants and Other Obligations, where applicable, the rights and obligations of the Colleague under the terms of his office or employment with the Company or any Subsidiary or Designated Associate Company shall not be affected by his participation in the Plan or any right which he may have to participate in it. The PRSUs and the Colleague’s participation in the Plan will not be interpreted to form an employment agreement or service contract with the Company or any Subsidiary or a Designated Associate Company and the terms of any separate employment agreement to which the Colleague is a party shall remain in effect and will control to the extent that there are any inconsistencies with this Agreement. The Colleague hereby waives any and all rights to compensation or damages in consequence of the Termination of Service for any reason

whatsoever insofar as those rights arise or may arise from his ceasing to have rights under or be entitled to earn or vest in his PRSUs as a result of such Termination of Service. If, notwithstanding the foregoing, any such claim is allowed by a court of competent jurisdiction, then, by participating in the Plan, the Colleague shall be deemed irrevocably to have agreed not to pursue such claim and agrees to execute any and all documents necessary to request dismissal or withdrawal of such claims.

Section 2.4 - Adjustments in PRSUs Pursuant to Change of Control or Similar Event, etc.

Subject to Sections 12 and 13 of the Plan, in the event that the outstanding Shares subject to the PRSUs are, from time to time, changed into or exchanged for a different number or kind of Shares or other securities, by reason of a share split, spin-off, share or extraordinary cash dividend, share combination or reclassification, recapitalization or merger, Change of Control, or similar event, the Committee shall, in its absolute discretion, substitute or adjust proportionally (i) the number and kind of Shares subject to the PRSUs; or (ii) the terms and conditions of the PRSUs (including without limitation, any applicable Performance Objectives with respect thereto). An adjustment may have the effect of reducing the price at which Shares may be acquired to less than their Nominal Value (the “Shortfall”), but only if and to the extent that the Committee shall be authorized to capitalize from the reserves of the Company a sum equal to the Shortfall and to apply that sum in paying up that amount on the Shares. Any such adjustment or determination made by the Committee shall be final and binding upon the Colleague, the Company and all other interested persons.

Section 2.5 - Tax Withholding

The Colleague acknowledges that, regardless of any action taken by the Employer the ultimate liability for all Tax-Related Items, is and remains the Colleague’s responsibility and may exceed the amount actually withheld by the Company or the Employer. The Colleague further acknowledges that the Company and/or the Employer (1) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the PRSUs, including, but not limited to, the grant, vesting or settlement of the PRSUs, the subsequent sale of Shares acquired pursuant to such settlement and the receipt of any dividends and/or any dividend equivalents; and (2) do not commit to and are under no obligation to structure the terms of the grant or any aspect of the PRSUs to reduce or eliminate the Colleague’s liability for Tax-Related Items or achieve any particular tax result. Further, if the Colleague is subject to Tax-Related Items in more than one jurisdiction, the Colleague acknowledges that the Company and/or the Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

Prior to any relevant taxable or tax withholding event, as applicable, Colleague agrees to make adequate arrangements satisfactory to the Company and/or the Employer to satisfy all Tax-Related Items.

In this regard, the Colleague authorizes the Company and/or the Employer, or their respective agents, to satisfy the obligations with regard to all Tax-Related Items by withholding in Shares to be issued upon settlement of the PRSUs. In the event that such withholding in Shares is problematic under applicable tax or securities law or has materially adverse accounting consequences, by the Colleague’s acceptance of the PRSUs, the Colleague authorizes the Company and/or the Employer, or their respective agents, to (i) withhold from the Colleague’s wages or other cash amounts payable to the Colleague from the Company or the Employer, (ii) sell on the Colleague’s behalf a whole number of Shares from those Shares issued to the Colleague as the Company determines to be appropriate to generate cash proceeds sufficient to satisfy the obligation for Tax-Related Items, or (iii) utilize any other method of withholding determined by the Company and permitted by applicable laws and the Plan.

The Company may withhold or account for Tax-Related Items by considering statutory withholding rates or other withholding rates, including minimum or maximum applicable rates applicable in my jurisdiction(s). In the event of over-withholding, the Colleague may receive a refund of any over-

withheld amount in cash (with no entitlement to the Share equivalent), or if not refunded, the Colleague may seek a refund from the local tax authorities. In the event of under-withholding, the Colleague may be required to pay any additional Tax-Related Items directly to the applicable tax authority or to the Company and/or the Employer. If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, the Colleague is deemed to have been issued the full number of Shares subject to the vested PRSUs, notwithstanding that a number of Shares are held back solely for the purpose of paying the Tax-Related Items.

Finally, the Colleague agrees to pay to the Company or the Employer any amount of Tax-Related Items that the Company or the Employer may be required to withhold or account for as a result of the Colleague's participation in the Plan that cannot be satisfied by the means previously described. The Company may refuse to issue or deliver the Shares or the proceeds of the sale of Shares, if the Colleague fails to comply with the Colleague's obligations in connection with the Tax-Related Items.

Section 2.6 - Dividend Equivalents

On each date that a cash dividend is paid to holders of Shares from the Grant Date through the date immediately prior to the date the PRSUs are settled, an amount (the "Dividend Equivalent Amount") equal to the cash dividend that is paid on each Share, multiplied by the total number of PRSUs and any Dividend Equivalent Units (as defined below) that remain unvested and outstanding as of the dividend payment record date, will be credited to the Colleague, and such credited amount will be converted into an additional number of PRSUs ("Dividend Equivalent Units") determined by dividing the Dividend Equivalent Amount by the Fair Market Value of a Share on the date of the dividend payment. At the end of the Performance Period, the number of Dividend Equivalent Units will be adjusted to reflect the number of Dividend Equivalent Units that would have been credited to the Colleague as of the Grant Date if such calculations had been based on the number of Earned Performance Shares (such adjusted number, the "Earned Dividend Equivalent Units"). During the period beginning immediately following the last day of the Performance Period and ending on the date the Earned Performance Shares are paid pursuant to Section 3.2(k) below, Dividend Equivalent Units will accrue on any Earned Performance Shares and any Earned Dividend Equivalent Units. Dividend Equivalent Units and Earned Dividend Equivalent Units will be subject to the same conditions as the underlying PRSUs with respect to which Dividend Equivalent Units and Earned Dividend Equivalent Units were paid, including without limitation, the vesting condition and the provisions governing time and form of settlement applicable to the underlying PRSUs. Unless expressly provided otherwise, as used elsewhere in this Agreement, references to PRSUs in this Agreement shall also include Dividend Equivalent Units and Earned Dividend Equivalent Units that have been credited to the Colleague pursuant to this Section 2.6.

Section 2.7 - Clawback Policy

The Company may cancel all or part of the PRSUs or require payment by the Colleague to the Company of all or part of any amount or Shares acquired by the Colleague upon vesting and settlement of the PRSUs pursuant to the Company's Clawback Policy as stated in Section 10 of the Plan.

ARTICLE III

PERFORMANCE-BASED AND TIME-BASED VESTING REQUIREMENTS

Section 3.1 - Earned Performance Shares

Subject to Sections 3.1(a) through 3.1(c) below and the terms of the Colleague's employment agreement, if any, the Shares subject to the PRSUs shall become Earned Performance Shares and shall become eligible to vest in accordance with the provisions of Section 3.2 as of the Earned Date to the extent the Committee determines (and based on the level of attainment) that the Performance Objectives set forth in

Schedule C to this Agreement are attained pursuant to Section 3.1(a).

(a) As of the Earned Date, the Committee shall determine the attainment level of the applicable Performance Objectives, and based on such determination, shall declare the number of Shares subject to the PRSUs that shall become Earned Performance Shares. Anything to the contrary in this Section 3.1 and Schedule C to this Agreement notwithstanding, the Committee retains sole discretion to determine the number of Shares subject to the PRSUs that will become Earned Performance Shares.

(b) The Colleague understands and agrees that the terms under which the PRSUs shall become Earned Performance Shares (as described in this Section 3.1 and in Schedule C) is confidential and the Colleague agrees not to disclose, reproduce or distribute such confidential information concerning the Company, except as required in the course of the Colleague's employment with the Company, its Subsidiaries or a Designated Associate Company, without the prior written consent of the Company. The Colleague's failure to abide by this condition may result in the immediate cancellation of the PRSUs.

(c) If there is a Change of Control prior to the end of the Performance Period, the Committee may, in its sole discretion, deem the Performance Objectives to be attained at the level determined by the Committee as to all or part of the unearned Shares underlying the PRSUs and deem them to be Earned Performance Shares; provided, however, that the Committee shall not have the authority to accelerate the performance goal vesting requirements or waive the forfeiture of to the extent any such acceleration would result in a violation of Section 409A of the Code and any such vesting acceleration must in any event be implemented in a manner that does not contravene the provisions of the BCA.

(d) Any Shares subject to the PRSUs that are not declared by the Committee to be Earned Performance Shares on the Earned Date, except as otherwise provided under this Section 3.1, shall be forfeited immediately.

Section 3.2 - Vesting/Settlement

(a) Subject to the Colleague's continued employment with the Company or any Subsidiary or Designated Associate Company through the Vesting Date and the other requirements in this Section 3.2, the Earned Performance Shares shall vest on the Vesting Date and become payable in accordance with Section 3.2(k) below.

(b) In the event of the Colleague's Termination of Service, any unvested Earned Performance Shares will be forfeited immediately by the Colleague, subject to, and except as otherwise specified in, and subject to the terms and conditions of the other subsections of this Section 3.2.

(c) In the event of the Colleague's Termination of Service on or after December 31, 2021 and prior to the Vesting Date due to a Qualifying Retirement, the Earned Performance Shares shall vest on the Vesting Date, subject to the Colleague's compliance with the restrictive covenants and other obligations contemplated under Article VI of this Agreement.

(d) In the event of the Colleague's Termination of Service prior to the Vesting Date for reasons other than a termination by the Employer for Cause, Good Reason resignation, or Qualifying Retirement, or as otherwise set forth in this Section 3.2, the Committee may, in its sole discretion, accelerate the vesting of all or a portion of the Earned Performance Shares in a manner that does not contravene the BCA. If no determination is made as of the Termination Date, then the Earned Performance Shares shall, to the extent not then vested, be immediately forfeited by the Colleague.

(e) In the event of the Colleague's (i) Termination of Service without Cause by the Company or (ii) Termination of Service by the Colleague for Good Reason, in each case, within the 24-month

period following the effective date of a Change of Control (including for the avoidance of any doubt, the BCA Effective Date), any Earned Performance Shares shall fully vest.

(f) In the event of the Colleague's (i) Termination of Service without Cause by the Company or (ii) Termination of Service by the Colleague for Good Reason prior to a Change of Control or after the 24-month period following the effective date of a Change of Control (including for the avoidance of any doubt, the BCA Effective Date), one year of additional service credit will be applied to the Colleague's period of service. If after giving effect to this additional service credit, the Colleague would have been employed through the Vesting Date, the Colleague will vest in the PRSUs with respect to the Earned Performance Shares.

(g) Except as otherwise set forth in this Section 3.2, in the event of a Change of Control, the Committee shall have the sole discretion to accelerate the vesting of unvested Earned Performance Shares in a manner that does not contravene the BCA without regard to whether the Earned Performance Shares are assumed or substituted by a successor company.

(h) The Colleague agrees to execute and deliver or electronically accept, in the manner and within the period specified in the Colleague's online account with the Company's designated broker/stock plan administrator, the Agreement including any applicable schedules thereto.

(i) The Committee may, in its sole discretion, cancel the PRSUs if the Colleague fails to execute and deliver or electronically accept the Agreement and documents within the period set forth in Section 3.2(h).

(j) Notwithstanding anything to the contrary in Section 3.1 or Section 3.2, no PRSUs shall vest prior to the first anniversary of the Grant Date except in the case of the Colleague's Termination of Service resulting from death or Permanent Disability or in connection with a Change of Control.

(k) Earned Performance Shares that become vested on the Vesting Date shall be delivered on the Vesting Date or within 30 days thereafter. Earned Performance Shares that become vested on an accelerated basis (i) on or prior to the last day of the Performance Period, shall be delivered within 30 days following the date on which the performance goal attainment level is determined, but in no event later than 2 1/2 months following the calendar year containing the last day of the Performance Period or (ii) following the last day of the Performance Period, shall be delivered within 30 days following the later of the date the performance goal attainment level is determined or the date of the vesting acceleration event.

(l) Notwithstanding the provisions of Section 3.2(k), if the PRSUs are considered non-qualified deferred compensation subject to Section 409A of the Code ("Deferred Compensation") as determined in the sole discretion of the Company and the Colleague is a U.S. Taxpayer, the Earned Performance Shares that become vested shall be settled on a date within 30 days of the earliest to occur of (i) the Vesting Date (including in the event of the Colleague's Qualifying Retirement), (ii) the Colleague's "separation from service" within the meaning of Section 409A of the Code in the event of a Termination of Service in connection with a Change in Control that constitutes a "change in control event" within the meaning of U.S. Treas. Regs § 1.409A-3(i)(5), and (iii) the Colleague's death. In addition, if the PRSUs are Deferred Compensation, the PRSUs are settled on or on a date that is by reference to the Colleague's separation from service, and the Colleague is a U.S. Taxpayer and a "specified employee," within the meaning of Section 409A of the Code, on the date the Colleague experiences a separation from service, then the PRSUs shall be settled on the first business day of the seventh month following the Colleague's separation from service, or, if earlier, on the date of the Colleague's death, to the extent such delayed payment is required in order to avoid a prohibited distribution under Section 409A of the Code.

Section 3.3 - Conditions to Issuance of Shares

The Earned Performance Shares to be delivered hereunder shall be previously authorized but unissued Shares. Such Shares shall be fully paid. The Company shall not be required to deliver any certificates representing such Shares (or their electronic equivalent) allotted and issued upon the applicable date of the vesting of the PRSUs prior to fulfillment of all of the following conditions, and in any event, subject to Section 409A of the Code for United States taxpayers:

- (a) The obtaining of approval or other clearance from any state, federal, local or foreign governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;
- (b) The Colleague has paid or made arrangements to pay the Tax-Related Items pursuant to Section 2.5; and
- (c) No fractional Shares shall be issued under this Agreement.

Without limiting the generality of the foregoing, the Committee may in the case of United States resident employees of the Company or any of its Subsidiaries require an opinion of counsel reasonably acceptable to it to the effect that any subsequent transfer of Shares acquired on the vesting of PRSUs does not violate the Exchange Act and may issue stop-transfer orders in the United States covering such Shares.

Section 3.4 - Rights as Shareholder

The Colleague shall not be, nor have any of the rights or privileges of, a shareholder of the Company in respect of any Shares that may be received upon the settlement of the PRSUs unless and until certificates representing such Shares or their electronic equivalent shall have been issued by the Company to the Colleague.

Section 3.5 - Limitation on Obligations

The Company's obligation with respect to the PRSUs granted hereunder is limited solely to the delivery to the Colleague of Shares within the period when such Shares are due to be delivered hereunder, and in no event shall the Company become obligated to pay cash in respect of such obligation. The PRSUs shall not be secured by any specific assets of the Company or any of its Subsidiaries or Designated Associate Companies, nor shall any assets of the Company or any of its Subsidiaries or Designated Associate Companies be designated as attributable or allocated to the satisfaction of the Company's obligations under this Agreement. In addition, the Company shall not be liable to the Colleague for damages relating to any delays in issuing the share certificates or its electronic equivalent to the Colleague (or his designated entities), any loss of the certificates, or any mistakes or errors in the issuance of the certificates (or the electronic equivalent) to the Colleague (or his designated entities) or in the certificates themselves.

 - (i) no claim or entitlement to compensation or damages shall arise from forfeiture of the PRSUs or the underlying Shares resulting from the Colleague's Termination of Service (for any reason whatsoever, whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Colleague is employed or the terms of his or her employment agreement, if any);
 - (j) unless otherwise provided in the Plan or by the Company in its discretion, the PRSUs and the benefits evidenced by this Agreement do not create any entitlement to have the PRSUs or any such benefits transferred to, or assumed by, another company nor to be exchanged, cashed out or substituted for, in connection with any Change of Control or similar event affecting the Shares of the Company; and
 - (k) if the Colleague is providing services outside the United States, neither the Company, the Employer nor any Subsidiary or Designated Associate Company shall be liable for any foreign exchange rate fluctuation between the Colleague's local currency and the United States Dollar that may affect the value of the PRSUs or of any amounts due to the Colleague pursuant to the settlement of the PRSUs or the subsequent sale of any Shares acquired upon settlement.

Section 7.15 - Insider Trading / Market Abuse Laws

The Colleague acknowledges that, depending on the Colleague or the Colleague's broker's country of residence or where the Shares are listed, the Colleague may be subject to insider trading restrictions and/or market abuse laws, which may affect the Colleague's ability to accept, acquire, sell or otherwise dispose of Shares or rights to Shares (*e.g.*, PRSUs) or rights linked to the value of Shares under the Plan during such times as the Colleague is considered to have "inside information" regarding the Company (as defined by the laws or regulations in the applicable jurisdictions of the Colleague's country). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders the Colleague placed before the Colleague possessed inside information. Furthermore, the Colleague could be prohibited from (i) disclosing the inside information to any third party (other than on a "need to know" basis) and (ii) "tipping" third parties or causing them otherwise to buy or sell securities. Third parties include fellow employees. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any applicable Company insider trading policy. The Colleague acknowledges he is responsible for complying with any applicable restrictions and is encouraged to speak to his personal legal advisor for further details regarding any applicable insider-trading and/or market-abuse laws in the Colleague's country.

Section 7.16 - Foreign Asset/Account Reporting Requirements and Exchange Controls

The Colleague's country may have certain foreign asset and/or foreign account reporting requirements and exchange controls which may affect the Colleague's ability to acquire or hold Shares under the Plan or cash received from participating in the Plan (including from any dividends paid on Shares, sale proceeds resulting from the sale of Shares acquired under the Plan) in a brokerage or bank account outside the Colleague's country. The Colleague may be required to report such accounts, assets or transactions to the tax or other authorities in the Colleague's country. The Colleague also may be required to repatriate sale proceeds or other funds received as a result of the Colleague's participation in the Plan to the Colleague's country through a designated bank or broker within a certain time after receipt. The Colleague acknowledges that it is his responsibility to be compliant with such regulations, and the Colleague should consult his personal legal advisor for any details.

Section 7.17 - Waiver

The Colleague acknowledges that a waiver by the Company of breach of any provision of this Agreement shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by the Colleague or any other Participant of the Plan.

Section 7.18 - Counterparts

This Agreement may be executed in any number of counterparts (including by facsimile), each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

Section 7.19 - Code Section 409A

For purposes of United States taxpayers, it is intended that the terms of the PRSUs will comply with the provisions of Section 409A of the Code and the Treasury Regulations relating thereto so as not to subject the Colleague to the payment of additional taxes and interest under Section 409A of the Code, and this Agreement will be interpreted, operated and administered in a manner that is consistent with this intent. In furtherance of this intent, the Committee may adopt such amendments to this Agreement or

adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, in each case, without the consent of the Colleague, that the Committee determines are reasonable, necessary or appropriate to comply with the requirements of Section 409A of the Code and related United States Department of Treasury guidance. In that light, the Company, its Subsidiaries and any Designated Associate Companies make no representation or covenant to ensure that the PRSUs that are intended to be exempt from, or compliant with, Section 409A of the Code are not so exempt or compliant or for any action taken by the Committee with respect thereto. Nothing in the Agreement shall provide a basis for any person to take action against the Company, its Subsidiaries or its Designated Associate Companies based on matters covered by Section 409A of the Code, including the tax treatment of any Shares or other payments made under the PRSUs granted hereunder, and the Company, its Subsidiaries and any Designated Associate Companies shall not under any circumstances have any liability to the Colleague or his estate or any other party for any taxes, penalties or interest due on amounts paid or payable under this Agreement, including taxes, penalties or interest imposed under Section 409A of the Code.

By the Colleague's execution or electronic acceptance of this Agreement (including the Schedules attached hereto) in the manner specified in the Colleague's online account with the Company's designated broker/stock plan administrator, the Colleague and the Company have agreed that the PRSUs are granted under and governed by the terms and conditions of the Plan and this Agreement (including the Schedules attached hereto).

Terms and Conditions

This Schedule A includes additional terms and conditions that govern the Performance-Based Restricted Share Unit Award granted to the Colleague under the Willis Towers Watson Public Limited Company 2012 Equity Incentive Plan, as amended from time to time (the “Plan”) and the applicable Performance-Based Restricted Share Unit Agreement (the “Agreement”) if the Colleague resides in one of the countries listed below.

Notwithstanding Section 1.16 and 3.2(c) of the Agreement, if the Company receives a legal opinion that there has been a legal judgment and/or legal development in the Colleague’s jurisdiction that likely would result in the favorable treatment that applies to the PRSUs as a result of the Colleague’s retirement or reaching a certain age being unlawful and/or discriminatory, the favorable treatment contemplated under Section 1.16 and 3.2(c) shall not apply and Section 3.2 shall apply to the Colleague without giving effect to Section 3.2(c).

Notifications

This Schedule A also includes information based on the securities, exchange control and other laws in effect in the Colleague’s country as of January 2021. Such laws are often complex and change frequently. As a result, the Company strongly recommends that the Colleague not rely on the information noted herein as the only source of information relating to the consequences of the Colleague’s participation in the Plan because the information may be out of date at the time the PRSUs vest under the Plan.

In addition, the information is general in nature. The Company is not providing the Colleague with any tax advice with respect to the PRSUs. The information provided below may not apply to the Colleague’s particular situation, and the Company is not in a position to assure the Colleague of any particular result. *Accordingly, the Colleague should seek appropriate professional advice as to how the tax or other laws in the Colleague’s country apply to the Colleague’s situation.*

Finally, if the Colleague is a citizen or resident of a country other than the one in which the Colleague is currently residing and/or working, transfers employment and/or residency after the Grant Date, or is considered a resident of another country for local law purposes, the terms and conditions contained herein for the country the Colleague is residing and/or working in at the time of grant may not be applicable to the Colleague, and the Company shall, in its discretion, determine to what extent the terms and conditions contained herein shall be applicable to the Colleague. Similarly, the information contained herein may no longer be applicable in the same manner.

 - 6.5. The Participant acknowledges and agrees that the Participant shall be obliged to draw the provisions of Section 3 of this RCA to the attention of any third party who may, at any time before or after the termination of the Participant's employment with Employer, offer to employ or engage him or her and for or with whom Participant intends to work within the Relevant Period.

WILLIS TOWERS WATSON
Global Employee Personal Information Protection Notice

1. Introduction

Willis Towers Watson operates as a global business through Willis Towers Watson PLC and its affiliated entities (together “the Willis Towers Watson Group”). The Willis Towers Watson Group values the trust of its employees worldwide and is committed to protecting their personal information.

The Willis Towers Watson Group operates in many different countries. Some of these countries have laws related to the collection, use, transfer and disclosure of the personal information of individuals, including our employees. The purpose of this Global Employee Personal Information Protection Notice (the “Notice”) is to give you information about what personal information the Willis Towers Watson Group collects, uses, transfers and discloses, and why. In some countries, the Notice may be supplemented by local employee privacy notices and such local notices will be drawn to your attention.

The Willis Towers Watson entity responsible for collecting and processing your personal data is the entity that employs you. You can check which entity employs you by checking your contract of employment or by asking your usual HR contact. In this Notice, the term “we” or “us” refers to that entity. The information that we collect about you as an employee allows us to administer your benefits, and helps to support routine Human Resources and operational processes, contingency planning, and internal talent searches.

2. What Personal Information about You We collect, and how We collect Your Personal Information

In the course of your employment, we may have collected or will collect information about you and your working relationship with us, your spouse, domestic/civil partner and/or dependents (“Dependents”). We refer to such information as “Personal Information”. For more specific information regarding what Personal Information about you we may collect, use, transfer and disclose, and the purposes for which it may be collected, used, transferred and disclosed, please see the Annex to this Notice. Local employee handbooks, office manuals, works council agreements and notices provided in your local office or on the Willis Towers Watson intranet site may provide additional details or information.

We normally collect your Personal Information directly from you, for example when you apply for a job with us, when you commence your role, and from time to time throughout your employment when we ask you to provide information. We may be required as a consequence of our relationship with you as your employer, or by law, to collect certain Personal Information about you. Failure to provide this information may prevent or delay the fulfilment of our obligations as an employer. We will inform you at the time your information is collected whether certain information is compulsory and the consequences of the failure to provide such information.

We also collect certain Personal Information about you from other sources, including:

- (a) background check information from employment screening agencies or publicly available registers, which may include information about criminal records (where allowed by law), or references obtained during recruitment;
 - (b) publicly available professional profiles on websites or social media (e.g. LinkedIn); and
-

(c) information about your performance or conduct from other employees, clients or service providers you work with who may provide feedback about you or participate in performance evaluations or reviews.

3. The Legal Bases and purposes for which We use, transfer and disclose Your Personal Information

We must have a legal basis to process your Personal Information. In most cases the legal basis will be one of the following:

- (a) to fulfil our contractual obligations to you in connection with your employment contract with us;
- (b) to comply with our legal obligations, for example obtaining proof of your identity to enable us to meet our anti-money laundering obligations, or obtaining proof of your right to work status to enable us to meet relevant obligations;
- (c) to comply with our legal obligations to you, for example health and safety obligations that we must comply with as your employer or to a third party (e.g. the taxation authorities);
- (d) to meet our legitimate interests, for example to manage our employees effectively, to protect us against theft or other crime, to allow you access to our technology and HR resources, and to conduct analytics that allows us to manage our workforce efficiently and plan recruitment activities. When we process personal information to meet our legitimate interests, we put in place robust safeguards to ensure that your privacy is protected and to ensure that our legitimate interests are not overridden by your interests or fundamental rights and freedoms; or
- (e) to protect your or another person's vital interests, for example by providing your health information to a doctor in a medical emergency.

We may obtain your explicit consent to collect and use certain types of Personal Information when we are required to do so by law (for example, when we process some categories of sensitive personal information). If we ask for your consent to process your personal information, you may withdraw your consent at any time by contacting privacy@willistowerswatson.com.

The purposes for which we use your personal information are explained in more detail in the Annex to this Notice.

4. Monitoring tools, profiling and automated decision-making

Some of the technology we use to protect company confidential information and ensure compliance with company policies monitors employee IT usage and employee communications and may automatically filter, record or block the sending of communications, or flag certain communications for further review, subject to meeting local legal requirements. For further information on this, please contact privacy@willistowerswatson.com.

Subject to restrictions under local laws, we may also use technology (including third party solutions) to process your Personal Information in a manner that constitutes "profiling". This involves the use of software that is able to evaluate your personal aspects and predict risks or outcomes. We do this to assist in workforce management, for example we may use software to ensure our workforce is managed and utilised efficiently, to predict risks in staff retention, to detect problems in the workplace, and/or to ensure that employees are being compensated fairly.

Although we may use this type of technology to assist our decision-making, we do not make important decisions about employees (e.g. as to their compensation, dismissal or promotion) without a member of management and/or the HR team assessing all the circumstances.

5. Transfer of Personal Information

GRANT OF PERFORMANCE-BASED RESTRICTED SHARE UNITS

Section 2.1 - Grant of the Performance-Based Restricted Share Units

Subject to the terms and conditions of the Plan and the additional terms and conditions set forth in this Agreement including any country-specific provisions set forth in Schedule A to this Agreement, and, if applicable, the restrictive covenants set forth in Schedule B to the Agreement, the Company hereby grants to the Colleague the target number of PRSUs specified in a schedule to the Agreement or as stated in the Colleague’s online account with the Company’s designated broker/stock plan administrator. In circumstances where the Colleague is required to enter into the Agreement of Restrictive Covenants and Other Obligations set forth in Schedule B, the Colleague agrees that the grant of PRSUs pursuant to this Agreement is sufficient consideration for the Colleague entering into such agreement.

Section 2.2 - PRSU Payment

In accordance with Section 7(d)(ii) of the Plan, the Shares to be issued upon vesting and settlement of the PRSUs must be fully paid up prior to issuance of Shares by payment of the Nominal Value per Share. The Committee shall ensure that payment of the Nominal Value for any Shares underlying the PRSUs is received by it on behalf of the Colleague at the time the PRSUs are settled from a non-Irish Subsidiary or other source and shall establish any procedures or protocols necessary to ensure that payment is timely received.

Section 2.3 - Employment or Service Rights

Subject to the terms of the Agreement of Restrictive Covenants and Other Obligations, where applicable, the rights and obligations of the Colleague under the terms of his office or employment with the Company or any Subsidiary or Designated Associate Company shall not be affected by his participation in the Plan or any right which he may have to participate in it. The PRSUs and the Colleague’s participation in the Plan will not be interpreted to form an employment agreement or service contract with the Company or any Subsidiary or a Designated Associate Company and the terms of any separate employment agreement to which the Colleague is a party shall remain in effect and will control to the extent that there are any inconsistencies with this Agreement. The Colleague hereby waives any and all rights to compensation or damages in consequence of the Termination of Service for any reason

whatsoever insofar as those rights arise or may arise from his ceasing to have rights under or be entitled to earn or vest in his PRSUs as a result of such Termination of Service. If, notwithstanding the foregoing, any such claim is allowed by a court of competent jurisdiction, then, by participating in the Plan, the Colleague shall be deemed irrevocably to have agreed not to pursue such claim and agrees to execute any and all documents necessary to request dismissal or withdrawal of such claims.

Section 2.4 - Adjustments in PRSUs Pursuant to Change of Control or Similar Event, etc.

Subject to Sections 12 and 13 of the Plan, in the event that the outstanding Shares subject to the PRSUs are, from time to time, changed into or exchanged for a different number or kind of Shares or other securities, by reason of a share split, spin-off, share or extraordinary cash dividend, share combination or reclassification, recapitalization or merger, Change of Control, or similar event, the Committee shall, in its absolute discretion, substitute or adjust proportionally (i) the number and kind of Shares subject to the PRSUs; or (ii) the terms and conditions of the PRSUs (including without limitation, any applicable Performance Objectives with respect thereto). An adjustment may have the effect of reducing the price at which Shares may be acquired to less than their Nominal Value (the "Shortfall"), but only if and to the extent that the Committee shall be authorized to capitalize from the reserves of the Company a sum equal to the Shortfall and to apply that sum in paying up that amount on the Shares. Any such adjustment or determination made by the Committee shall be final and binding upon the Colleague, the Company and all other interested persons.

Section 2.5 - Tax Withholding

The Colleague acknowledges that, regardless of any action taken by the Employer the ultimate liability for all Tax-Related Items, is and remains the Colleague's responsibility and may exceed the amount actually withheld by the Company or the Employer. The Colleague further acknowledges that the Company and/or the Employer (1) make no representations or undertakings regarding the treatment of any Tax-Related Items in connection with any aspect of the PRSUs, including, but not limited to, the grant, vesting or settlement of the PRSUs, the subsequent sale of Shares acquired pursuant to such settlement and the receipt of any dividends and/or any dividend equivalents; and (2) do not commit to and are under no obligation to structure the terms of the grant or any aspect of the PRSUs to reduce or eliminate the Colleague's liability for Tax-Related Items or achieve any particular tax result. Further, if the Colleague is subject to Tax-Related Items in more than one jurisdiction, the Colleague acknowledges that the Company and/or the Employer (or former employer, as applicable) may be required to withhold or account for Tax-Related Items in more than one jurisdiction.

Prior to any relevant taxable or tax withholding event, as applicable, Colleague agrees to make adequate arrangements satisfactory to the Company and/or the Employer to satisfy all Tax-Related Items.

In this regard, the Colleague authorizes the Company and/or the Employer, or their respective agents, to satisfy the obligations with regard to all Tax-Related Items by withholding in Shares to be issued upon settlement of the PRSUs. In the event that such withholding in Shares is problematic under applicable tax or securities law or has materially adverse accounting consequences, by the Colleague's acceptance of the PRSUs, the Colleague authorizes the Company and/or the Employer, or their respective agents, to (i) withhold from the Colleague's wages or other cash amounts payable to the Colleague from the Company or the Employer, (ii) sell on the Colleague's behalf a whole number of Shares from those Shares issued to the Colleague as the Company determines to be appropriate to generate cash proceeds sufficient to satisfy the obligation for Tax-Related Items, or (iii) utilize any other method of withholding determined by the Company and permitted by applicable laws and the Plan.

The Company may withhold or account for Tax-Related Items by considering statutory withholding rates or other withholding rates, including minimum or maximum applicable rates applicable in my jurisdiction(s). In the event of over-withholding, the Colleague may receive a refund of any over-

withheld amount in cash (with no entitlement to the Share equivalent), or if not refunded, the Colleague may seek a refund from the local tax authorities. In the event of under-withholding, the Colleague may be required to pay any additional Tax-Related Items directly to the applicable tax authority or to the Company and/or the Employer. If the obligation for Tax-Related Items is satisfied by withholding in Shares, for tax purposes, the Colleague is deemed to have been issued the full number of Shares subject to the vested PRSUs, notwithstanding that a number of Shares are held back solely for the purpose of paying the Tax-Related Items.

Finally, the Colleague agrees to pay to the Company or the Employer any amount of Tax-Related Items that the Company or the Employer may be required to withhold or account for as a result of the Colleague's participation in the Plan that cannot be satisfied by the means previously described. The Company may refuse to issue or deliver the Shares or the proceeds of the sale of Shares, if the Colleague fails to comply with the Colleague's obligations in connection with the Tax-Related Items.

Section 2.6 - Dividend Equivalents

On each date that a cash dividend is paid to holders of Shares from the Grant Date through the date immediately prior to the date the PRSUs are settled, an amount (the "Dividend Equivalent Amount") equal to the cash dividend that is paid on each Share, multiplied by the total number of PRSUs and any Dividend Equivalent Units (as defined below) that remain unvested and outstanding as of the dividend payment record date, will be credited to the Colleague, and such credited amount will be converted into an additional number of PRSUs ("Dividend Equivalent Units") determined by dividing the Dividend Equivalent Amount by the Fair Market Value of a Share on the date of the dividend payment. At the end of the Performance Period, the number of Dividend Equivalent Units will be adjusted to reflect the number of Dividend Equivalent Units that would have been credited to the Colleague as of the Grant Date if such calculations had been based on the number of Earned Performance Shares (such adjusted number, the "Earned Dividend Equivalent Units"). During the period beginning immediately following the last day of the Performance Period and ending on the date the Earned Performance Shares are paid pursuant to Section 3.2(k) below, Dividend Equivalent Units will accrue on any Earned Performance Shares and any Earned Dividend Equivalent Units. Dividend Equivalent Units and Earned Dividend Equivalent Units will be subject to the same conditions as the underlying PRSUs with respect to which Dividend Equivalent Units and Earned Dividend Equivalent Units were paid, including without limitation, the vesting condition and the provisions governing time and form of settlement applicable to the underlying PRSUs. Unless expressly provided otherwise, as used elsewhere in this Agreement, references to PRSUs in this Agreement shall also include Dividend Equivalent Units and Earned Dividend Equivalent Units that have been credited to the Colleague pursuant to this Section 2.6.

Section 2.7 - Clawback Policy

The Company may cancel all or part of the PRSUs or require payment by the Colleague to the Company of all or part of any amount or Shares acquired by the Colleague upon vesting and settlement of the PRSUs pursuant to the Company's Clawback Policy as stated in Section 10 of the Plan.

ARTICLE III

PERFORMANCE-BASED AND TIME-BASED VESTING REQUIREMENTS

Section 3.1 - Earned Performance Shares

Subject to Sections 3.1(a) through 3.1(c) below and the terms of the Colleague's employment agreement, if any, the Shares subject to the PRSUs shall become Earned Performance Shares and shall become eligible to vest in accordance with the provisions of Section 3.2 as of the Earned Date to the extent the Committee determines (and based on the level of attainment) that the Performance Objectives set forth in

Schedule C to this Agreement are attained pursuant to Section 3.1(a).

(a) As of the Earned Date, the Committee shall determine the attainment level of the applicable Performance Objectives, and based on such determination, shall declare the number of Shares subject to the PRSUs that shall become Earned Performance Shares. Anything to the contrary in this Section 3.1 and Schedule C to this Agreement notwithstanding, the Committee retains sole discretion to determine the number of Shares subject to the PRSUs that will become Earned Performance Shares.

(b) The Colleague understands and agrees that the terms under which the PRSUs shall become Earned Performance Shares (as described in this Section 3.1 and in Schedule C) is confidential and the Colleague agrees not to disclose, reproduce or distribute such confidential information concerning the Company, except as required in the course of the Colleague's employment with the Company, its Subsidiaries or a Designated Associate Company, without the prior written consent of the Company. The Colleague's failure to abide by this condition may result in the immediate cancellation of the PRSUs.

(c) If there is a Change of Control prior to the end of the Performance Period, the Committee may, in its sole discretion, deem the Performance Objectives to be attained at the level determined by the Committee as to all or part of the unearned Shares underlying the PRSUs and deem them to be Earned Performance Shares; provided, however, that the Committee shall not have the authority to accelerate the performance goal vesting requirements or waive the forfeiture of to the extent any such acceleration would result in a violation of Section 409A of the Code and any such vesting acceleration must in any event be implemented in a manner that does not contravene the provisions of the BCA.

(d) Any Shares subject to the PRSUs that are not declared by the Committee to be Earned Performance Shares on the Earned Date, except as otherwise provided under this Section 3.1, shall be forfeited immediately.

Section 3.2 - Vesting/Settlement

(a) Subject to the Colleague's continued employment with the Company or any Subsidiary or Designated Associate Company through the Vesting Date and the other requirements in this Section 3.2, the Earned Performance Shares shall vest on the Vesting Date and become payable in accordance with Section 3.2(k) below.

(b) In the event of the Colleague's Termination of Service, any unvested Earned Performance Shares will be forfeited immediately by the Colleague, subject to, and except as otherwise specified in, and subject to the terms and conditions of the other subsections of this Section 3.2.

(c) In the event of the Colleague's Termination of Service on or after December 31, 2021 and prior to the Vesting Date due to a Qualifying Retirement, the Earned Performance Shares shall vest on the Vesting Date, subject to the Colleague's compliance with the restrictive covenants and other obligations contemplated under Article VI of this Agreement.

(d) In the event of the Colleague's Termination of Service prior to the Vesting Date for reasons other than a termination by the Employer for Cause, Good Reason resignation, or Qualifying Retirement, or as otherwise set forth in this Section 3.2, the Committee may, in its sole discretion, accelerate the vesting of all or a portion of the Earned Performance Shares in a manner that does not contravene the BCA. If no determination is made as of the Termination Date, then the Earned Performance Shares shall, to the extent not then vested, be immediately forfeited by the Colleague.

(e) In the event of the Colleague's (i) Termination of Service without Cause by the Company or (ii) Termination of Service by the Colleague for Good Reason, in each case, within the 24-month

period following the effective date of a Change of Control (including for the avoidance of any doubt, the BCA Effective Date), any Earned Performance Shares shall fully vest.

(f) In the event of the Colleague's (i) Termination of Service without Cause by the Company or (ii) Termination of Service by the Colleague for Good Reason prior to a Change of Control or after the 24-month period following the effective date of a Change of Control (including for the avoidance of any doubt, the BCA Effective Date), one year of additional service credit will be applied to the Colleague's period of service. If after giving effect to this additional service credit, the Colleague would have been employed through the Vesting Date, the Colleague will vest in the PRSUs with respect to the Earned Performance Shares.

(g) Except as otherwise set forth in this Section 3.2, in the event of a Change of Control, the Committee shall have the sole discretion to accelerate the vesting of unvested Earned Performance Shares in a manner that does not contravene the BCA without regard to whether the Earned Performance Shares are assumed or substituted by a successor company.

(h) The Colleague agrees to execute and deliver or electronically accept, in the manner and within the period specified in the Colleague's online account with the Company's designated broker/stock plan administrator, the Agreement including any applicable schedules thereto.

(i) The Committee may, in its sole discretion, cancel the PRSUs if the Colleague fails to execute and deliver or electronically accept the Agreement and documents within the period set forth in Section 3.2(h).

(j) Notwithstanding anything to the contrary in Section 3.1 or Section 3.2, no PRSUs shall vest prior to the first anniversary of the Grant Date except in the case of the Colleague's Termination of Service resulting from death or Permanent Disability or in connection with a Change of Control.

(k) Earned Performance Shares that become vested on the Vesting Date shall be delivered on the Vesting Date or within 30 days thereafter. Earned Performance Shares that become vested on an accelerated basis (i) on or prior to the last day of the Performance Period, shall be delivered within 30 days following the date on which the performance goal attainment level is determined, but in no event later than 2 1/2 months following the calendar year containing the last day of the Performance Period or (ii) following the last day of the Performance Period, shall be delivered within 30 days following the later of the date the performance goal attainment level is determined or the date of the vesting acceleration event.

(l) Notwithstanding the provisions of Section 3.2(k), if the PRSUs are considered non-qualified deferred compensation subject to Section 409A of the Code ("Deferred Compensation") as determined in the sole discretion of the Company and the Colleague is a U.S. Taxpayer, the Earned Performance Shares that become vested shall be settled on a date within 30 days of the earliest to occur of (i) the Vesting Date (including in the event of the Colleague's Qualifying Retirement), (ii) the Colleague's "separation from service" within the meaning of Section 409A of the Code in the event of a Termination of Service in connection with a Change in Control that constitutes a "change in control event" within the meaning of U.S. Treas. Regs § 1.409A-3(i)(5), and (iii) the Colleague's death. In addition, if the PRSUs are Deferred Compensation, the PRSUs are settled on or on a date that is by reference to the Colleague's separation from service, and the Colleague is a U.S. Taxpayer and a "specified employee," within the meaning of Section 409A of the Code, on the date the Colleague experiences a separation from service, then the PRSUs shall be settled on the first business day of the seventh month following the Colleague's separation from service, or, if earlier, on the date of the Colleague's death, to the extent such delayed payment is required in order to avoid a prohibited distribution under Section 409A of the Code.

Section 3.3 - Conditions to Issuance of Shares

The Earned Performance Shares to be delivered hereunder shall be previously authorized but unissued Shares. Such Shares shall be fully paid. The Company shall not be required to deliver any certificates representing such Shares (or their electronic equivalent) allotted and issued upon the applicable date of the vesting of the PRSUs prior to fulfillment of all of the following conditions, and in any event, subject to Section 409A of the Code for United States taxpayers:

- (a) The obtaining of approval or other clearance from any state, federal, local or foreign governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;
- (b) The Colleague has paid or made arrangements to pay the Tax-Related Items pursuant to Section 2.5; and
- (c) No fractional Shares shall be issued under this Agreement.

Without limiting the generality of the foregoing, the Committee may in the case of United States resident employees of the Company or any of its Subsidiaries require an opinion of counsel reasonably acceptable to it to the effect that any subsequent transfer of Shares acquired on the vesting of PRSUs does not violate the Exchange Act and may issue stop-transfer orders in the United States covering such Shares.

Section 3.4 - Rights as Shareholder

The Colleague shall not be, nor have any of the rights or privileges of, a shareholder of the Company in respect of any Shares that may be received upon the settlement of the PRSUs unless and until certificates representing such Shares or their electronic equivalent shall have been issued by the Company to the Colleague.

Section 3.5 - Limitation on Obligations

The Company's obligation with respect to the PRSUs granted hereunder is limited solely to the delivery to the Colleague of Shares within the period when such Shares are due to be delivered hereunder, and in no event shall the Company become obligated to pay cash in respect of such obligation. The PRSUs shall not be secured by any specific assets of the Company or any of its Subsidiaries or Designated Associate Companies, nor shall any assets of the Company or any of its Subsidiaries or Designated Associate Companies be designated as attributable or allocated to the satisfaction of the Company's obligations under this Agreement. In addition, the Company shall not be liable to the Colleague for damages relating to any delays in issuing the share certificates or its electronic equivalent to the Colleague (or his designated entities), any loss of the certificates, or any mistakes or errors in the issuance of the certificates (or the electronic equivalent) to the Colleague (or his designated entities) or in the certificates themselves.

 - (g) unless otherwise agreed with the Company, the PRSUs and the Shares subject to the PRSUs, and the income and value of same, are not granted as consideration for, or in connection with, services the Colleague may provide as a director of any Subsidiary or affiliate;

 - (i) no claim or entitlement to compensation or damages shall arise from forfeiture of the PRSUs or the underlying Shares resulting from the Colleague's Termination of Service (for any reason whatsoever, whether or not later found to be invalid or in breach of employment laws in the jurisdiction where the Colleague is employed or the terms of his or her employment agreement, if any);
 - (j) unless otherwise provided in the Plan or by the Company in its discretion, the PRSUs and the benefits evidenced by this Agreement do not create any entitlement to have the PRSUs or any such benefits transferred to, or assumed by, another company nor to be exchanged, cashed out or substituted for, in connection with any Change of Control or similar event affecting the Shares of the Company; and
 - (k) if the Colleague is providing services outside the United States, neither the Company, the Employer nor any Subsidiary or Designated Associate Company shall be liable for any foreign exchange rate fluctuation between the Colleague's local currency and the United States Dollar that may affect the value of the PRSUs or of any amounts due to the Colleague pursuant to the settlement of the PRSUs or the subsequent sale of any Shares acquired upon settlement.

Section 7.10 - Electronic Delivery and Acceptance

The Company may, in its sole discretion, decide to deliver any documents related to current or future participation in the Plan by electronic means. The Colleague hereby consents to receive such documents by electronic delivery and agrees to participate in the Plan through an on-line or electronic system established and maintained by the Company or a third party broker/stock plan administrator designated by the Company. Further, to the extent that this Agreement has been executed on behalf of the Company electronically, the Colleague accepts the electronic signature of the Company.

Section 7.11 - Choice of Language

By accepting the Agreement providing for the terms and conditions of the Colleague's grant, the Colleague confirms having read and understood the documents relating to this grant (the Plan and the Agreement) which were provided in English language. The Colleague accepts the terms of those documents accordingly.

Section 7.12 - Severability

The provisions of this Agreement are severable and if any one or more provisions are determined to be illegal or otherwise unenforceable, in whole or in part, the remaining provisions shall nevertheless be binding and enforceable.

Section 7.13 - Schedule A

The PRSUs shall be subject to any special provisions set forth in Schedule A for the Colleague's country of residence, if any. If the Colleague relocates to one of the countries included in Schedule A prior to the vesting of the PRSUs, the special provisions for such country shall apply to the Colleague, to the extent the Company determines that the application of such provisions is necessary or advisable for legal or administrative reasons. Schedule A constitutes part of this Agreement.

Section 7.14- Imposition of Other Requirements

The Company reserves the right to impose other requirements on the PRSUs and the Shares acquired upon vesting of the PRSUs, to the extent the Company determines it is necessary or advisable

for legal or administrative reasons, and to require the Colleague to sign any additional agreements or undertakings that may be necessary to accomplish the foregoing.

Section 7.15 - Insider Trading / Market Abuse Laws

The Colleague acknowledges that, depending on the Colleague or the Colleague's broker's country of residence or where the Shares are listed, the Colleague may be subject to insider trading restrictions and/or market abuse laws, which may affect the Colleague's ability to accept, acquire, sell or otherwise dispose of Shares or rights to Shares (e.g., PRSUs) or rights linked to the value of Shares under the Plan during such times as the Colleague is considered to have "inside information" regarding the Company (as defined by the laws or regulations in the applicable jurisdictions of the Colleague's country). Local insider trading laws and regulations may prohibit the cancellation or amendment of orders the Colleague placed before the Colleague possessed inside information. Furthermore, the Colleague could be prohibited from (i) disclosing the inside information to any third party (other than on a "need to know" basis) and (ii) "tipping" third parties or causing them otherwise to buy or sell securities. Third parties include fellow employees. Any restrictions under these laws or regulations are separate from and in addition to any restrictions that may be imposed under any applicable Company insider trading policy. The Colleague acknowledges he is responsible for complying with any applicable restrictions and is encouraged to speak to his personal legal advisor for further details regarding any applicable insider-trading and/or market-abuse laws in the Colleague's country.

Section 7.16 - Foreign Asset/Account Reporting Requirements and Exchange Controls

The Colleague's country may have certain foreign asset and/or foreign account reporting requirements and exchange controls which may affect the Colleague's ability to acquire or hold Shares under the Plan or cash received from participating in the Plan (including from any dividends paid on Shares, sale proceeds resulting from the sale of Shares acquired under the Plan) in a brokerage or bank account outside the Colleague's country. The Colleague may be required to report such accounts, assets or transactions to the tax or other authorities in the Colleague's country. The Colleague also may be required to repatriate sale proceeds or other funds received as a result of the Colleague's participation in the Plan to the Colleague's country through a designated bank or broker within a certain time after receipt. The Colleague acknowledges that it is his responsibility to be compliant with such regulations, and the Colleague should consult his personal legal advisor for any details.

Section 7.17 - Waiver

The Colleague acknowledges that a waiver by the Company of breach of any provision of this Agreement shall not operate or be construed as a waiver of any other provision of this Agreement, or of any subsequent breach by the Colleague or any other Participant of the Plan.

Section 7.18 - Counterparts

This Agreement may be executed in any number of counterparts (including by facsimile), each of which shall be deemed to be an original and all of which together shall constitute one and the same instrument.

Section 7.19 - Code Section 409A

For purposes of United States taxpayers, it is intended that the terms of the PRSUs will comply with the provisions of Section 409A of the Code and the Treasury Regulations relating thereto so as not to subject the Colleague to the payment of additional taxes and interest under Section 409A of the Code, and this Agreement will be interpreted, operated and administered in a manner that is consistent with this intent. In furtherance of this intent, the Committee may adopt such amendments to this Agreement or

adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, in each case, without the consent of the Colleague, that the Committee determines are reasonable, necessary or appropriate to comply with the requirements of Section 409A of the Code and related United States Department of Treasury guidance. In that light, the Company, its Subsidiaries and any Designated Associate Companies make no representation or covenant to ensure that the PRSUs that are intended to be exempt from, or compliant with, Section 409A of the Code are not so exempt or compliant or for any action taken by the Committee with respect thereto. Nothing in the Agreement shall provide a basis for any person to take action against the Company, its Subsidiaries or its Designated Associate Companies based on matters covered by Section 409A of the Code, including the tax treatment of any Shares or other payments made under the PRSUs granted hereunder, and the Company, its Subsidiaries and any Designated Associate Companies shall not under any circumstances have any liability to the Colleague or his estate or any other party for any taxes, penalties or interest due on amounts paid or payable under this Agreement, including taxes, penalties or interest imposed under Section 409A of the Code.

By the Colleague's execution or electronic acceptance of this Agreement (including the Schedules attached hereto) in the manner specified in the Colleague's online account with the Company's designated broker/stock plan administrator, the Colleague and the Company have agreed that the PRSUs are granted under and governed by the terms and conditions of the Plan and this Agreement (including the Schedules attached hereto).

Terms and Conditions

This Schedule A includes additional terms and conditions that govern the Performance-Based Restricted Share Unit Award granted to the Colleague under the Willis Towers Watson Public Limited Company 2012 Equity Incentive Plan, as amended from time to time (the “Plan”) and the applicable Performance-Based Restricted Share Unit Agreement (the “Agreement”) if the Colleague resides in one of the countries listed below.

Notwithstanding Section 1.16 and 3.2(c) of the Agreement, if the Company receives a legal opinion that there has been a legal judgment and/or legal development in the Colleague’s jurisdiction that likely would result in the favorable treatment that applies to the PRSUs as a result of the Colleague’s retirement or reaching a certain age being unlawful and/or discriminatory, the favorable treatment contemplated under Section 1.16 and 3.2(c) shall not apply and Section 3.2 shall apply to the Colleague without giving effect to Section 3.2(c).

Notifications

This Schedule A also includes information based on the securities, exchange control and other laws in effect in the Colleague’s country as of January 2021. Such laws are often complex and change frequently. As a result, the Company strongly recommends that the Colleague not rely on the information noted herein as the only source of information relating to the consequences of the Colleague’s participation in the Plan because the information may be out of date at the time the PRSUs vest under the Plan.

In addition, the information is general in nature. The Company is not providing the Colleague with any tax advice with respect to the PRSUs. The information provided below may not apply to the Colleague’s particular situation, and the Company is not in a position to assure the Colleague of any particular result. *Accordingly, the Colleague should seek appropriate professional advice as to how the tax or other laws in the Colleague’s country apply to the Colleague’s situation.*

Finally, if the Colleague is a citizen or resident of a country other than the one in which the Colleague is currently residing and/or working, transfers employment and/or residency after the Grant Date, or is considered a resident of another country for local law purposes, the terms and conditions contained herein for the country the Colleague is residing and/or working in at the time of grant may not be applicable to the Colleague, and the Company shall, in its discretion, determine to what extent the terms and conditions contained herein shall be applicable to the Colleague. Similarly, the information contained herein may no longer be applicable in the same manner.

WILLIS TOWERS WATSON
Global Employee Personal Information Protection Notice

1. Introduction

Willis Towers Watson operates as a global business through Willis Towers Watson PLC and its affiliated entities (together “the Willis Towers Watson Group”). The Willis Towers Watson Group values the trust of its employees worldwide and is committed to protecting their personal information.

The Willis Towers Watson Group operates in many different countries. Some of these countries have laws related to the collection, use, transfer and disclosure of the personal information of individuals, including our employees. The purpose of this Global Employee Personal Information Protection Notice (the “Notice”) is to give you information about what personal information the Willis Towers Watson Group collects, uses, transfers and discloses, and why. In some countries, the Notice may be supplemented by local employee privacy notices and such local notices will be drawn to your attention.

The Willis Towers Watson entity responsible for collecting and processing your personal data is the entity that employs you. You can check which entity employs you by checking your contract of employment or by asking your usual HR contact. In this Notice, the term “we” or “us” refers to that entity. The information that we collect about you as an employee allows us to administer your benefits, and helps to support routine Human Resources and operational processes, contingency planning, and internal talent searches.

2. What Personal Information about You We collect, and how We collect Your Personal Information

In the course of your employment, we may have collected or will collect information about you and your working relationship with us, your spouse, domestic/civil partner and/or dependents (“Dependents”). We refer to such information as “Personal Information”. For more specific information regarding what Personal Information about you we may collect, use, transfer and disclose, and the purposes for which it may be collected, used, transferred and disclosed, please see the Annex to this Notice. Local employee handbooks, office manuals, works council agreements and notices provided in your local office or on the Willis Towers Watson intranet site may provide additional details or information.

We normally collect your Personal Information directly from you, for example when you apply for a job with us, when you commence your role, and from time to time throughout your employment when we ask you to provide information. We may be required as a consequence of our relationship with you as your employer, or by law, to collect certain Personal Information about you. Failure to provide this information may prevent or delay the fulfilment of our obligations as an employer. We will inform you at the time your information is collected whether certain information is compulsory and the consequences of the failure to provide such information.

We also collect certain Personal Information about you from other sources, including:

- (a) background check information from employment screening agencies or publicly available registers, which may include information about criminal records (where allowed by law), or references obtained during recruitment;
 - (b) publicly available professional profiles on websites or social media (e.g. LinkedIn); and
-

(c) information about your performance or conduct from other employees, clients or service providers you work with who may provide feedback about you or participate in performance evaluations or reviews.

3. The Legal Bases and purposes for which We use, transfer and disclose Your Personal Information

We must have a legal basis to process your Personal Information. In most cases the legal basis will be one of the following:

- (a) to fulfil our contractual obligations to you in connection with your employment contract with us;
- (b) to comply with our legal obligations, for example obtaining proof of your identity to enable us to meet our anti-money laundering obligations, or obtaining proof of your right to work status to enable us to meet relevant obligations;
- (c) to comply with our legal obligations to you, for example health and safety obligations that we must comply with as your employer or to a third party (e.g. the taxation authorities);
- (d) to meet our legitimate interests, for example to manage our employees effectively, to protect us against theft or other crime, to allow you access to our technology and HR resources, and to conduct analytics that allows us to manage our workforce efficiently and plan recruitment activities. When we process personal information to meet our legitimate interests, we put in place robust safeguards to ensure that your privacy is protected and to ensure that our legitimate interests are not overridden by your interests or fundamental rights and freedoms; or
- (e) to protect your or another person's vital interests, for example by providing your health information to a doctor in a medical emergency.

We may obtain your explicit consent to collect and use certain types of Personal Information when we are required to do so by law (for example, when we process some categories of sensitive personal information). If we ask for your consent to process your personal information, you may withdraw your consent at any time by contacting privacy@willistowerswatson.com.

The purposes for which we use your personal information are explained in more detail in the Annex to this Notice.

4. Monitoring tools, profiling and automated decision-making

Some of the technology we use to protect company confidential information and ensure compliance with company policies monitors employee IT usage and employee communications and may automatically filter, record or block the sending of communications, or flag certain communications for further review, subject to meeting local legal requirements. For further information on this, please contact privacy@willistowerswatson.com.

Subject to restrictions under local laws, we may also use technology (including third party solutions) to process your Personal Information in a manner that constitutes "profiling". This involves the use of software that is able to evaluate your personal aspects and predict risks or outcomes. We do this to assist in workforce management, for example we may use software to ensure our workforce is managed and utilised efficiently, to predict risks in staff retention, to detect problems in the workplace, and/or to ensure that employees are being compensated fairly.

Although we may use this type of technology to assist our decision-making, we do not make important decisions about employees (e.g. as to their compensation, dismissal or promotion) without a member of management and/or the HR team assessing all the circumstances.

5. Transfer of Personal Information

You may obtain more information about these measures and the Willis Towers Watson Group's Global Privacy Program by contacting privacy@willistowerswatson.com.

We will only retain your personal information after this time if we are required to do so to comply with the law, or if there are outstanding claims or complaints that will reasonably require your personal information to be retained.

If there is any information that we are unable, for technical reasons, to delete entirely from our systems,
